## RAIL WAGE BOOST OF \$600,000,000

### Men Displeased—Passenger And Freight Rates To Go 1-3 Higher

Chicago, July 20.—Union railroad men are not satisfied with the wage award made today by the United States Labor Board. They are debating whether they should accept it as "the best they can get under the circumstances" or reject it and strike to enforce their demands.

The award grants an aggregate pay increase of \$600,000,000 a year, or a raise of 18 to 27 per cent for the men. The workers had asked an increase of 60 per cent. Part of the award is taken out of the award by the fact that it is retroactive to May 1. This is having some influence on the deliberations of the men.

As soon as the award was granted, heads of the unions went into session to consider it. They adjourned two hours later to meet with the separate crafts, who are still in session and will continue their discussions during the night.

**Will Issue Statement.**  
Another meeting of the union chiefs will be held tomorrow, when they will go over the opinions of the men as expressed at tonight's sessions. After that meeting an official statement will probably be issued setting forth the opinion and position of the unions.

The unions had completed in advance their plans to do one of three things after they had seen the award: First—Accept the award.  
Second—Call a referendum vote of the men.  
Third—Call a general strike.

The Brotherhood heads have been empowered to call the strike if they see fit, but there is a tendency on the part of these men to act cautiously.

Railroad executives have announced that they will accept the award. They will look to the Interstate Commerce Commission to grant an increase in rates sufficient to overcome the swell in the payrolls.

E. T. Whittier, spokesman for the railroads, said as soon as the award was made:

"The railroads will accept this schedule and make every haste to put it into effect."

**Union Heads Give Opinions**  
The dissatisfaction of the men was reflected in the statements of their union heads.

"I feel that this award will probably not gratify or satisfy the men, and if they want to go on a strike I am with them," said L. E. Shepard, chief of the Brotherhood of Engineers and Firemen.

"I must analyze the announcement before making any comment," said Timothy Shea, vice president of the Brotherhood of Railway Trainmen.

"I am very apprehensive of the report's effect," declared Bert Jewell, president of the shop craft workers. "When two million men are sorely disappointed it is difficult to forecast the result."

The men are not pleased with the board's award," asserted W. T. Brown, vice president of the Order of Railway Telegraphers.

W. G. Lee, president of the Brotherhood of Railway Trainmen, had this to say:

"As yet we have not decided on any action and nobody can tell what is going to happen. Anybody who forecasts a strike or says there will be no strike knows more about the situation than I do and I am well informed."

**Outlaws Displeased.**  
"The United States Labor Board's decision is unsatisfactory," said John Brunau, of the "outlaw" Yardmen's Association. "It shows discrimination when it ignores the Yardmen's Association, representing 300,000 men."

The board had refused to hear the "rebel" delegates when it was gathering information for the award. It's stand was taken on the ground that the men had violated the law by calling their strike. The award grants nothing to the "outlaws."

Samuel O. Dunn, editor of the Railway Age, analyzed the award and said it was the highest that could possibly be granted to the workers at this time without disrupting the finances of the railroads.

The award did not deal with the

working conditions. It touched on wages only. This decision leaves the way open for further hearings. The matter of overtime and holiday and Sunday pay was not mentioned, and will stand for the present, as it is now operative, which is different on the various roads.

As the increase is retroactive the employees will have coming to them on their next pay the aggregate of three months increase.

The boards urged the roads to proceed without unnecessary delay in paying this amount, but in view of the large amount of clerical work it will involve, asked the men to be patient and refrain from pressure or criticism.

### MRS. GLENN ENTERTAINS

Mrs. J. S. Glenn entertained the Ladies' Social Club Wednesday afternoon. Several games of progressive rummy were played. Mrs. Birkhead made the highest score, losing only one game. At the conclusion of the games a delicious two-course lunch was served. The guests present were Miss Myrtle Chapman, of Memphis, Tenn.; Mrs. J. C. Her, of Louisville, Ky.; Mrs. Henderson Murphree, of Owensboro; Misses Mattie Sandefur, Myrtle Maddox, Mary Marks, Mattie Duke and Mrs. Ira Bean. The members present were: Misses Lettie Marks and Sophia Woener; Mesdames Simmerman, Cooper, Barrass, Kirk, Porter, Holbrook, Taylor, Tinsley, Sulenger, McCracken, Birkhead, Collins and Mischke.

## BOTH BILLS SHUN DRY'S NOMINATION

"Billy" Sunday Says He Is Satisfied  
With Harding, Henry Ford  
Is Mentioned.

Lincoln, Neb., July 21.—Faced with semi-official information that neither W. J. Bryan nor "Billy" Sunday would be available for a national ticket, the Prohibition party forgot nominees at the opening of its convention today and sweltered through two hours of speechmaking in an unventilated auditorium.

Speakers spent the morning session in praising their own party and declaring that the Democrats and Republicans did nothing at their conventions but "throw stones at each other."

It was made absolutely certain to the delegates today by friends of Mr. Bryan that the Nebraskan will not accept the nomination if it is offered him. Delegates apparently were reluctantly coming to the conclusion that his wishes must be respected and it was believed he would not be placed in nomination.

"Billy" Sunday's statement in Hood River, Oregon, last night that he was "satisfied with Harding" was considered as eliminating him.

Leaders seemed certain, however, that a candidate would be chosen and Henry Ford was being mentioned in many quarters.

Virgil Hinshaw, national committee chairman, opened the convention with a speech which was noncommittal on the party's future Presidential plans, but Anron S. Watkins, keynoter, urged that a "powerful ticket be placed in the field."

About 200 delegates and 300 visitors were present. Platform and other usual committees were appointed and began work immediately.

### VOTING PRECINCTS IN COUNTY TO BE DIVIDED

Upon request of County Judge Mack Cook, the heads of the Democratic and Republican parties in the County have designated or appointed a committee of two each, to have charge of, and work out the details of dividing the various precincts within the County in order to make them conform to the law requiring a division when the total vote in one precinct exceeds 350. This is made necessary by anticipating that the vote will be almost doubled by the admission of the ballot to the women in the coming Presidential election.

Quite a number of the precincts, as now established, will contain from 400 to as high as 700 persons legally entitled to vote in the fall election, making it next to impossible to poll the vote.

Messrs. T. E. Cooper and Rowan Holbrook will represent the Democrats while Messrs. M. L. Henrvin and W. C. Blankenship have been designated as representatives of the Republicans.

## HARDING'S PORCH CAMPAIGN NOW ON

### Findlay, Ohio Elks First Bod To Call At Sen ator's Home.

Marion, O., July 20.—A delegation of Elks from Findlay, O., appeared unannounced on Senator Harding's lawn today and with the help of the Republican presidential nominee and a brass band staged a curtain-raiser to the front porch campaign.

The senator's role consisted of a great deal of handshaking and a short talk in which he paid tribute to the work of the fraternity and harked back to his boyhood when the Marion band, of which he was a member, went over to Findlay for a prize competition.

"We copped off the prize," he said, "and we came home almost as proud as we were when he heard the result of the Chicago convention."

Proud To Be Elk.

About a hundred were in the delegation, which motored to Marion and then marched on to the Harding residence with a band blaring at the head of the column. They were led by Representative R. Clint Cole, who asked Senator Harding to come to Findlay for a homecoming of the Elks, of which he is a member, early in August. He replied that he would not least "drop in and say howdy," if his engagements permitted.

"I'm very proud to be an Elk," Senator Harding said, "and I feel that the Elks of the United States have made a record for patriotism and service that will remain imperishable as long as the memory of the great war endures."

Politics was not touched in the talk nor did the candidate make any further statement during the day on his League of Nations fight. His friends are counting on his speech of acceptance Thursday to develop the next stop of his campaign strategy against the "foreign commitments" of President Wilson.

Most of the day the senator worked on accumulating correspondence, but he heard reports of political conditions in the East and West from former Gov. Frank B. Willis, of Ohio, who just returned from a trip thru up-state New York, and James G. Darden, of New York, on his way back from the Pacific Coast. Mr. Willis pronounced the New York situation "very, very encouraging" and Mr. Darden declared he was absolutely certain the Republican ticket would carry "every state of the far West."

The Findlayites arrived just as workmen were laying a carpet of crushed limestone on the Harding lawn in anticipation of hard usage by the marching clubs which are to come to Marion during the campaign. By their unannounced visit they stole from the people of Mansfield, O., the distinction of being the first group of political pilgrims to be received by Senator Harding. A Mansfield delegation is to come on July 31, and their visit is the first on the official program of the front-porch campaign.

Harding headquarters were informed today that about 2,000 would come from Mansfield and that they would arrive by airplane, motor and rail. G. W. Henry will be the air pilot of the delegation and will abower Marion with Harding and Coolidge literature.

### MARRIAGE LICENSES.

J. C. Houton, Rumsey, to Carrie McCraus Rumsey.  
Willie Ferguson, Prentiss, to Annie Robertson, Beaver Dam.  
Nathan Payton, Olaton, to Annie Burton, Olaton.  
Sam Gaddis, McHenry, to Ador Willet, McHenry.  
H O Cline, Canaan, Mo., to Vina Lee Welch, Fordsville.

### YOUNGER SET TAKE MOONLIGHT HAY RIDE

Quite a large number of the younger set indulged in a moonlight hay ride Wednesday night. The Night Riders went to Cooper's school house, via Beaver Dam, returning by way of Goshen and the Centertown road, making quite a long trip. There were about 25 in the party and a pleasant time was the report of all.

## EUROPE AGAIN ON GAUNT WAR'S BRINK

### Mobilization May Result In Rejection Of English Ultimatum

Berlin, July 21.—An official statement was issued today declaring Germany's complete neutrality in the situation arising from the hostilities in progress between Russia and Poland. The statement was signed by President Ebert and Foreign Minister Simons.

Paris, July 21.—The political situation upon which rests the peace of Europe is declared by official sources here tonight to be more serious than any that has arisen since the armistice.

"Altho neither France nor Britain is mobilizing yet, it is clearly England's task now to unravel the tangle arising from Premier Lloyd George's virtual ultimatum to Soviet Russia and the latter's refusal to comply with it," said an official of the Foreign Office to me late today.

"Unless Britain accepts Moscow's view unconditionally and withdraws her request to act as intermediary between Poland and the Soviets for an armistice and peace, diplomats here see in the dispatch of a large Franco-British army to the Polish front the only possible solution of the problem."

Situation Desperate.

Poland's military situation is admittedly desperate. The Russian Commander-in-chief, adopting Hindenburg's strategy, has succeeded in placing Warsaw, the Polish capital, in a position where it is bound to be squashed within the remorselessly closing pincers of the Soviet war machine if Moscow gives the word to go on with the campaign, beyond Poland's borders.

The Soviet commander performed the unparalleled feat of bringing 80,000 men from the Caucasus to the Galician frontier within four days and his left wing is now less than 100 miles from Warsaw, apparently awaiting co-operative action by the right wing, which is a few miles from the East Prussian border, before starting the final drive. The final drive, if undertaken, will throw the entire Soviet force into a formidable line which the Poles can not hope to stop.

Meanwhile, eight divisions are menacing Memel, the strategic port in East Prussia, 140 miles from Danzig.

Forbidden to Stop Reds.

Military experts here do not doubt that the reds will occupy Memel in a few days unless the allies permit the Germans to rush an army thither to defend the port. That, however, is forbidden by the Spa agreement.

Failing allied intervention, Russia in the opinion of all well-informed observers here, will inevitably overrun not only Poland and East Prussia, but will menace the whole of Prussia, including Berlin.

Backing up their demand for permission to fight the Bolsheviks, the Germans in a note to the allies today stated that the communist elements in Germany are becoming increasingly strong, and that a "barrier of bayonets" is necessary to prevent establishment of Soviet rule in Germany.

Incidentally, the German note points out that the Russian armies today are exactly half way between Moscow and France.

Tho the war office denies that mobilization of the French army is imminent, it is reported that French officers who are members of allied missions in Poland and neighboring countries may be assigned at once to service in the Polish army.

The consequences of a possible hostile attitude on the part of the allies toward the Soviets are frankly viewed with the greatest apprehension in competent quarters here.

There is no question that the allies are able to forward to Poland German war material, ammunition and other fighting paraphernalia, now stored in East Prussia awaiting destruction under the supervision of allied missions, but the problem is to supply the Polish front with sufficient men to resist the threatened onslaught of the Soviet armies, a task which qualified experts here describe as "impossible."

The Russians have but a limited

supply of rifles, their man power supply is unlimited, which enables the Soviet chief to sacrifice 100,000 men in a single battle if necessary without jeopardizing the strength of his force.

There is strong feeling both in France and Britain against a fresh mobilization. Humanite, the French Socialist organ, says today the Socialists will not permit a single man or cent to be used against Russia.

### WELCH—CLINE.

Mr. Harry Cline, of Canaan, Mo., and Miss Vina Lee Welch, of Dundee, were united in marriage Tuesday evening at the home of Mr. and Mrs. J. D. Holbrook, of this place. Rev. Russell Walker performed the ceremony.

Mr. and Mrs. Cline will reside in Canaan, Mo., to which place they went after spending a short time at Dundee.

## LOCAL MASONS HAVE INTERESTING MEET

Dave Jackson Secretary of The Kentucky Grand Lodge, a Working Visitor.

Hartford Lodge No. 675, F. & A. M., held a most interesting and large-attended session Monday night, when 100 masons were present. By previous arrangement, Dave Jackson, Secretary of the Grand Lodge was present and occupied the Master's station during the conference of the third degree upon two candidates. The work was pronounced as fine as was ever witnessed in this section.

Secretary Jackson delivered a splendid talk to the lodge which was much appreciated by those present. The local lodge had been assessed in the sum of \$2,980 as her portion of the Million Dollar fund for the Kentucky Widows' and Orphans' Home, and at this meeting \$690.00 were added to the \$2,290 heretofore subscribed, which sum carried Hartford Lodge over the peak by \$20.00. A \$50.00 subscription was also made in behalf of Roberts Lodge, No. 883, making a total of \$740.00 added to the Masonic Widows' and Orphans' Home fund, Monday night.

Considered altogether, no session of more real profit to the Craft has been held in these parts in recent years perhaps, the display of good feeling and fellowship engendered in just such a meeting as was held on this occasion is really worth while.

### LOUISVILLE MARKETS

Cattle—The medium and half-fat grassers are extremely hard to interest buyers in at unavowed prices. Demand for cannera fair; best canners \$4 down. Cutter trade as well as medium to good cows, slow and inactive. Milch cow trade uncertain. Limited demand for feeders and stockers of all descriptions. Common stockers especially dull. Fair clearance in evidence.

Quotations—Prime heavy steers \$12.50@14; heavy shipping steers \$11.50@12.50; medium steers \$10.50@11.50; light steers \$9.50@10.50; fat heifers \$8@12.50; fat cows \$7@10.50; medium cows \$5@7; cutters \$4.50@5; canners \$3.50@4; bulls \$5.50@7.25; feeders \$8@10.25; stockers \$6@9.50; choice milch cows \$8.50@10; medium \$6.50@8.50; common \$4@6.50.

Calves—Market active and 75c higher. Best veals \$15@15.25; medium \$11@14; common \$6@7.

Hogs—Supply continues small with a good, active demand for choice hogs for local killing purposes. Prices established early on a steady basis. Best hogs 250 pounds up \$15; 165 to 250 pounds \$16.50; 120 to 165 pounds \$15.50; pigs 90 to 120 pounds \$11.50; 90 pounds down \$10; throwouts \$11.25 down.

Sheep and Lambs—Quality of the day's run was generally mixed with few strictly good lambs offered. Trading established early on a steady to strong basis. Best lambs \$14.50@16; strictly choice weighty lambs \$15.25; seconds \$8; culls \$4@5.50; best sheep \$7@7.50; choice handys \$7.75; bucks \$4.50 down.

### PRODUCE MARKETS

EGGS—Candied 38c dozen.  
BUTTER—Country, 34c lb.  
POULTRY—Hens 23c lb.; spring chickens (broilers) 37c lb.; old roosters 12@14c lb.; ducks 10@15c lb.; turkeys 30@35c lb.; geese 12@15c lb.; guinea 30@35c a piece.

## "DRYS" TO URGE BRYAN INTO RACE

### Only Refusal Of Peerless One Can Avert Stampede Attempt.

Lincoln, Neb., July 20.—Leaders in various delegations to the prohibition national convention tonight declared they will go into their first session tomorrow determined to name William Jennings Bryan as their presidential nominee despite the fact that they have received word directly from Mr. Bryan that he does not want the nomination and does not consider it advisable for the party to place a ticket in the field.

The only thing that can avert an attempt by a large group of delegates to stampede the convention for Bryan and name him by acclamation is for the Nebraskan himself to send word that he positively will not accept the nomination, according to many state leaders. A telegram was sent to Mr. Bryan today, informing him that unless such a statement is forthcoming his supporters will attempt to carry out their plans of placing him before the people on the dry and the platform that can be framed.

The decision to attempt to force the nomination of Mr. Bryan was made late today after several secret conferences of national committeemen, delegates and friends of Mr. Bryan here.

### Poling Also Strong.

A lapse in the Bryan boom during the early hours today revealed that Dan A. Poling, of New York, acting international president of the Christian Endeavor, will have considerable strength, as many delegates announced him as their second choice, Bryan being first.

Besides the usual "dry" planks, the platform committee will have before it proposed planks on several other schedules. Among these will be links advocating public ownership of railroads and public utilities, a world tribunal to settle international disputes, "friendly co-operation" with Mexico rather than "hostile interference," federal anti-lynching laws and one dealing with bihoatr and one dealing with labor problems.

### Anti-Tobacco Plank Sought.

Warren G. Stone, grand chief of the Order of Railway Engineers, has prepared a labor plank which will be presented to the committee. An anti-tobacco plank to be proposed by a Colorado delegate is not likely to receive serious consideration, according to national committeemen.

The national committee today voted to recommend to the convention that in future each state name one man and one woman as members of the party's national committee.

The proposal introduced by Robert Patton, Illinois state chairman, was attacked by B. E. F. Prugh, Pennsylvania state chairman and by G. W. Dean, of Wisconsin. Dean asserted that the party had no women members in Wisconsin who were suitable for membership on the national committee.

Ira B. Wise Smith, president of the Iowa W. C. T. U., appealed to the Committee not to deny equal rights to women and the committee then voted unanimously for Patton's motion.

### A SURPRISE.

A surprise pound supper was given at the home of G. P. Jones on the evening of July 16th, in honor of Miss Zonia Jones, it being the 17th anniversary of her birth. There were 64 persons in attendance and all seemed to enjoy the occasion.

Those present were entertained with music, after which all partook of the abundant feast which had been brought in by the visitors.

We wish to express our appreciation of the presence of each and highly esteem the honor conferred. The conduct of each was most genteel and your coming and manifestations of goodwill, will long be cherished.

MR. AND MRS. G. P. JONES AND DAUGHTER, MISS ZONIA.

### BOND MARKET SLOW.

Victory and Liberty Loan Bonds are quoted today all the way from 84.84 to 95.82, victory loan bonds bringing the higher figure.

## CALLS MEETING OF KY. G. O. P. LEADERS

### Searcy Issues Summons To Organize For Early Campaign.

Steps for launching an early campaign by the Republican party in Kentucky this year will be taken by the Republican State Central Committee at an organization meeting August 11 at state headquarters in the Republic Building.

The call for the meeting was issued yesterday by Chesley H. Searcy, chairman of the state central and campaign committee, who requested that very member be present in person. The meeting will be held on Wednesday after the primary of August 7.

In furtherance of the harmony program outlined by party leaders several months ago, two of the candidates for police court clerk in Louisville have withdrawn, leaving Thomas M. Wintersmith as the nominee without opposition. Thus all contests are eliminated from the party ranks in the Fifth District and all necessity for a primary is removed. In celebration of the event, Republicans of the Fifth District are planning to hold a big outing in the country on primary day.

In letters to Fred O. Nuetzel, county clerk yesterday, Robert Donahue and J. D. Thomas, candidates for the Republican nomination for Police Court Clerk, withdrew from the race, leaving Mr. Wintersmith a clear field.

There is only one Democratic contest in the Fifth District, that for nomination for Congress in which J. H. Richmond and M. B. Kendrick are the contenders. Reports have been current that one of the two might withdraw, the no definite developments along that line have materialized. In the event that one or the other should withdraw within the prescribed time, before the printing of the ballots, then the Fifth District would be without any contests whatever this year and no primary would be held here.

Much discussion is now heard of the probable withdrawal of two of three candidates for the Republican nomination for Congress in the Fourth District, thus eliminating any contest there. Candidates for Republican honors in the Fourth now include John P. Haswell, Marshall Duncan and J. D. Hayes. Which two of the three may withdraw has not been indicated in reports.

#### Will Select Committees.

It will be the purpose of the campaign committee at its meeting, August 11, to organize by selecting members of the speakers' bureau and finance committee. Mr. Searcy, as chairman of the campaign committee, will have for his assistants a corps well equipped for an active battle.

Leaders were never more enthusiastic over the prospects of success than they are this year and for that reason they are doubly anxious to launch the fight. They are united as never before, and with Mr. Searcy for chairman they feel confident of success. One prominent leader from Western Kentucky who came to Louisville yesterday offered to bet \$250 that the Republicans will carry Kentucky, another \$250 that Harding will carry Ohio, and \$500 that Harding and Coolidge will be elected.

Chiefs Organized.  
Much of the preliminary work for the campaign is already under way in many parts of the state, especially in the mountains. Harding and Coolidge clubs are being organized and clubs are coming into state headquarters for large quantities of Republican literature.

The statement was made by a Louisville traveling man yesterday that Kentucky will go Republican in November and that in the Eleventh District alone the majority for Harding and Coolidge will be more than in all the strong Democratic districts combined. This man, who travels all over the state, echoed his belief that it "would be possible for the Democrats to carry all the other ten districts, which they will not do, and still the Republican majority in the Eleventh District would be sufficient to overcome the vote."

#### Ask For Literature.

A letter was received at headquarters yesterday from D. C. Gay, secretary of the Berea College Republican Club, asking for literature to be used by members of the club.

The literature is not in the hands of the state committee, and Liburn Phelps, secretary of the committee, advised that the request be made of the national headquarters in New York. However, Mr. Phelps expects the Kentucky headquarters to be furnished later with a large supply of literature, which will be for distribution in every county and precinct in the state.

Maj. Jackson Morris, engaged by the national Republican headquarters

will be sent to Kentucky to do organization work throughout the state. Major Morris is a native of the mountains.

#### Loss of Appetite.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

#### WOMEN SOLDIERS DEFENDING VILNA

Warsaw, July 16.—Women soldiers have taken up positions for the defense of Vilna. They have been assigned to an eight-mile front.

All the women are equipped with American boots and are being fed partly by the American Young Woman's Christian Association. They are under the command of Madame Goerz, who fought with General Pilsudski against the Russians and who also operated last year with the women during the siege of Lemberg.

Commander Goerz is 26 years old. She contends that women can hold their own alongside the men, even in the front line. She has about 1,000 women under her command. Many of them are strong women of the factory type, who are eager for excitement and adventure.

The woman commander is in charge of all her own transport system and rolling kitchens and all fighting equipment except artillery.

Additional detachments of women are being formed throughout Poland for defense of the republic. As soon as Goerz will be placed in command of their number justify it, Madame Poland's army of women.

#### CLIFF DWELLERS HOME NEWLY FOUND

Find in New Mexico Shows Origin Of Aztec Culture, Belief

New York, July 17.—Additional indications that the Pueblo Indian cliff dwellers at Aztec, N. M., founded the Aztec and Bonito culture has been uncovered by new excavations of the American Museum of Natural History. It was announced here today.

Discovery of a sealed room in perfect condition at the Pueblo ruin in Aztec, surpassing in beauty and state of preservation any previously found in America, were reported to the Museum by Dr. Clark Wissler, curator of anthropology.

The interior of the sealed room is plastered and painted in brilliant white with dull red side borders and a running series of triangular designs. Dr. Wissler reported a large serpent carved in wood decorates the ceiling. It is 2 1/2 feet long and of the finest workmanship. On the ceiling beams are imprints of hands in white paint. Several strands of finely made rope hang down and on the floor are a large number of nicely cut stone slabs, one of which was 2 1/2 by 1 1/2 feet and 1 1/4 inches thick.

Several adjoining rooms, seeming to bear a relation to this sealed one, are yet to be uncovered, Dr. Wissler stated. Continuing on the Aztec excavations, he said:

"Since the greater part of the west side is now uncovered, one can get a full sweep over this immense complex of stone walls and quaint doorways. Our excavations have revealed that the greater part of the east and north sides of the city were swept by fire. The ceilings were of wood, supported by great logs of cedar and spruce, overlaid by splint cedar and bark. These fell down upon each other and lay in the lower rooms in great charred masses. We found the bodies of several unfortunates caught in the rooms.

"As the fire did not reach the west side we found a large number of rooms with their ceilings still intact and household utensils on the floor just as they were left."

If you feel "blue," "No account," "lousy," you need a good evening out. Herbine is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 40c. Sold by the Ohio County Drug Co.

#### ADMINISTRATOR'S NOTICE

All parties having claims against the estate of H. C. Crowe, deceased, will present same to me, at my residence, near Fordsville, Ky., on or before August 15, 1920, or they will be forever barred.

MRS. IDA KELLEY,  
Administratrix.

## GERMANS ACCEDE TO DEMANDS OF ALLIES

### Accept Unconditionally Ultimatum For Coal Deliveries.

Spa, Belgium, July 16.—The Germans have again signed unconditionally on the dotted line.

After a four-hour session with the allied statesmen, in the course of which the peace of Europe—and the world—trembled continually in the balance, the Teuton delegates affixed their signatures to the allied ultimatum regarding coal deliveries. The ceremony took place at 8:45 o'clock this evening.

When the Germans arrived for the conference this afternoon, Foreign Minister Von Simon started to make a speech. Premier Millerand interrupted him, saying:

"That's enough."

The French premier then whispered something to Mr. Lloyd George, who rose and addressed the German spokesmen:

"There is a little room off there on the right where we have been having tea in the afternoon. I suggest you gentlemen retire there and when you are ready to give an answer—'yes' or 'no'—you may return."

The entire German delegation adjourned to the "little room," from which they emerged later with the unconditional "yes."

Menace Of Occupation Below Signature Line

The German representatives signed the coal protocol, drawn up by the allied representatives at 8:45 o'clock tonight, thereby settling one of the most difficult questions which has come up in the present discussions. Signatures were affixed to the document after a four-hour session at the Villa Frainseuse, one hour of which was spent by the Germans in a calm consultation in an adjoining room.

There was a conflict over introduction in the protocol of the menace of occupation of additional German territory after October 15 next, if German coal deliveries were not up to the stipulated quantity 6,000,000 tons, by that date. The allies decided to drop this clause of the protocol below the signature line.

#### Object To Preamble.

Then the Germans objected to the preamble, which declared that the decisions set forth in the document had been taken in common accord by the allied and German delegations. The Germans contended it was not by common accord, but by the sole will of the allies, that any further occupation would occur. At this juncture Dr. Fehrenbach, the German chancellor sent for three of his cabinet colleagues, who were at the German headquarters, and called a cabinet meeting. An hour before Chancellor Fehrenbach and Foreign Minister Simon appeared at the conference room. After an explanatory speech by Dr. Simon, all the delegates signed the protocol.

Before the arrival of the German delegates today the allied premiers completed their consideration of the distribution of reparations due from Germany. As finally adapted the reparations will be made on the following basis: France, 52 per cent; Great Britain, 22 per cent; Italy 10 per cent; Belgium, 8 per cent and Japan and Portugal, each three-fourths of 1 per cent. The remaining 6 1/2 per cent will be divided between Serbia, Rumania and Poland.

Besides the 8 per cent Belgium is to receive, she will retain the priority right to 2,500,000,000 marks, from which will be paid sum loaned Belgium by the allies.

The proposed changes in the protocol submitted by the Germans were for the most part purely technical and were rejected, except an amendment to Article 1, by which the allies accepted an additional provision that the deliveries of coal should be averaged in order to take into account floods in the Rhine region. Section 2 also was amended to allow a premium of five marks per ton on all deliveries by land or sea.

## Children Cry FOR FLETCHER'S CASTOR A

#### EDITORIAL COMMENT.

"The nomination of James Middleton Cox is due to the circumstances that he was the 'wettest' candidate in sight, to the desire to get as far away from Wilcox as possible, and to the fact that the nominee is from Ohio."

Governor Cox, although the San Francisco platform is silent on the prohibition question and the convention voted down the Cockran plank to permit the making of wines and beer for home purposes, is known to be an open opponent of the Eight-

teenth Amendment. He was strenuously opposed by William J. Bryan and the Anti-Saloon League. This gave Mr. Cox the support of large delegations, particularly from the Eastern and Central States where the Democratic organization has long been locally under the control of the saloon interest.

"The Democratic party, disregarding the sentiment of the West and counting the South as certain in any event, is to make its main struggle in New York, Connecticut and New Jersey and in Ohio, Indiana and Illinois. The party returns to its old campaign strategy—to working for a combination of Solid South and Northern cities."

"Ohio is a state of strong local pride and likes to add to the number of Ohio Presidents. Governor Cox, it was claimed, was strong at home, and it was said to reject him meant concession of a pivotal state to Senator Harding. The argument that Ohio must be carried was steadily hammered on and at last secured converts. So the convention named a man it had little thought of a week ago. But the alleged Cox strength in Ohio is largely a myth. He has run behind his ticket; in 1916 he had but 5,000 plurality, whereas Wilson had 85,000 and Pomeroy 35,000."

"The Cox nomination, following the inclusion in the platform of the Walsh plank endorsing the reservation principle makes impossible a referendum concerning the Wilson league. No one appears to uphold the affirmative. Twenty-three Democratic Senators voted for the Lodge reservations, and if there is another roll call the number will be increased. A two-thirds majority being necessary to ratify, what conceivable chance is there of getting two-thirds of the next Senate to accept the President's plan?"

"The campaign promises to be a distressing one to those who like politics explicit. The verbal endorsement of the Wilson Administration, coupled with its practical abandonment, makes it a matter of extreme doubt what votes for Cox will mean."

"Wilsonism is identified as a body of death, and, as far as possible, connections with it are cut. The representatives of the President were dutifully allowed to write, in the main, a White House platform. The delegates politely cheered the name of Wilson, but the great majority of them then tried to forget the horrors of the last four years. At Washington it was unbecomingly that the Administration preferred any one to Mr. Cox."—New York Tribune.

"An attempt to line up organized labor behind Gov. James M. Cox, Democratic Presidential nominee, was put under way here today a few hours after Cox's nomination."

"The movement, which is under the wing of officials of the American Federation of Labor, is planned as a climax to labor's so-called 'non-partisan' political effort which has been carried on for several months against Representatives in Congress who refused to accept labor's dictates on the Eight-Centuries bill and other measures before the Sixty-sixth Congress."

"In exchange for promises of labor support officials of the American Federation of Labor will expect from reservedly will endorse the labor plank of the Democratic platform which was adopted at the suggestion of Samuel Gompers, president of the federation. This plank declares against the labor clauses of the Esch-Cummins law and arbitration schemes of the kind contained in the Kansas industrial court law. Labor leaders familiar with Cox's attitude for labor expect no trouble in getting such an assurance from him."—New York Sun.

#### ADMINISTRATOR'S NOTICE

All persons having claims against the estate of Thomas Morris, deceased, will present same to me, at my place of business in Hartford on or before August 15, 1920, or they will be forever barred.

ERNEST MORRIS,  
Administratrix.

#### PLANS DRAWN FOR DEB'S FRONT CELL CAMPAIGN

Detroit, July 10.—Plans for the "front cell" campaign of Eugene V. Debs, Presidential candidate of the Socialist party, who now is serving a sentence in the Atlanta Federal prison on a charge of violating the Espionage law, were drafted here today at a meeting of the National Executive Committee of the Socialist party. George Roewr, Massachusetts, member of the committee made the charge that United States Department of Justice officials in Portland, Maine, had notified Socialist party leaders in that State that the party would not be permitted to organize or carry on a campaign in Maine this year.

He also charged that employers in Maine were discharging all employees affiliated with the Socialist party.

## NOTED ENGINEER OUT WITH FACTS

### Says Results He Got From Tanlac Were Nothing Less Than Wonderful

Captain Andy Ospring, engineer on the Pennsylvania railroad, pulling the fast train known as Keystone Express between Terre Haute and St. Louis, declares that the results he has received from Tanlac are nothing less than wonderful.

Captain Ospring has been engineer on the Pennsylvania railroad for the last forty years and is one of the best known and most popular men in the service of this road. His home address is 629 North Tenth street, East St. Louis. Relating his experience with Tanlac to friends in Terre Haute, a few days ago, Captain Ospring said:

"Tanalac will always get a good recommendation from me for the results I have received from it. It is nothing less than wonderful. Before taking this medicine I had suffered from weak stomach, loss of appetite, sluggish liver and a run-down condition for several years. I could never enjoy anything to eat, suffered with severe pains in my back and chest, and was continually losing weight. The pains in my back were so severe that I could hardly bend over. Couldn't even sit comfortably in my car, and invariably finished my run feeling all tired out. I had gotten to where I dreaded to make my runs and had lost several trips on account of feeling so bad."

"I had taken lots of different kinds of medicines, but all failed until I found Tanlac. A friend of mine in Terre Haute put me on to Tanlac and that was the turning point with me. Three bottles of this medicine have fixed me up in fine shape and my weight has been increased eleven pounds. I have a fine appetite, don't have a pain of any kind, and feel all of fifteen years younger. I make my trips regularly, never losing any time and come in from my runs without feeling all tired out like I used to. A medicine that will do such things is certainly worth while and I will always say a good word for Tanlac."

Tanalac is sold in Hartford by Dr. L. B. Dean, in Horse Branch by Olan Drug Co., in Rockport by James Browning, in Cromwell by Wallace & Porter, in Beaver Dam by R. T. Taylor, Jr., and in Melferry, by S. J. Tichenor.—Advertisement.

#### PROHIBITION FIGHT BEGUN IN ARGENTINA

Buenos Aires, July 8.—As a consequence of the recent introduction of a prohibition bill in the Chamber of Deputies and the announcement that the administration would not support it, the question of prohibition has come to the front as a subject of discussion. The newspapers are filled with editorials and articles in this connection and the Mendoza wine growers are issuing protests and organizing a junker of deputies to the wine growing district to show the importance of the industry.

"The Secos," meaning dries, and "the Mojados," meaning wets are engaged in controversy, citing the example of prohibition in the United States for and against, and compar-

ing conditions in the two countries.

It is understood President Irigoyen is in sympathy with restriction of the liquor traffic, but believes the country is not yet ready for total prohibition, such as the bill proposes. His attitude is to be seen in the terms of the commercial travelers' treaty recently agreed to with the United States through Ambassador Stimson, a clause of which excludes from the benefits of the treaty salesmen from the United States trafficking in alcoholic beverages in Argentina, which the Associated Press learns was inserted at President Irigoyen's request. While presumably salesmen from the United States will not have such beverages to sell, it is pointed out that the clause establishes a precedent in the case of other nations which may desire to negotiate a similar treaty.

The prohibition agitation here follows reports of similar agitation in Brazil, Uruguay, Paraguay and Chile. One of the oddities of the situation would from Punta Arenas, the world's southernmost city, that the labor element, having been unable to get prohibition locally adopted has returned to unload liquor from ships.

Surgeons agree that in cases of cuts, burns, bruises and wounds the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Boroline is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Ohio County Drug Co.

#### ENGLISHMAN SAW THE POINT

An Englishman and his American friend were out walking one day and the friend volunteered the following conundrum: "If eggs are worth 26 cents a dozen how many eggs can one buy for a cent and a quarter?"

"Well, now, I venture to say that sum will scarcely purchase the whole of one," the Englishman answered. "Huh! ha! Don't you see that you can buy a dozen?" the American roared, and at last the Englishman saw the point and went home to try the story on his wife.

"Wife, here is a jolly good conundrum: If eggs are worth 26 cents a dozen, how many eggs can you buy for 25 cents and a penny?" And he spent the remainder of the day wondering how his wife guessed the answer so easily.—Capper's Weekly.

In every home where there is a baby there should also be a bottle of McGee's Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by Ohio County Drug Co.

#### ENGLAND GETS BIG ZEP.

The greatest Zeppelin airship ever constructed has been awarded to the British. This is the L-71, which was built by the Germans in 1918 for the special purpose of bombing New York. It is much larger than the largest Zepps which were used in the bombing raids in England. It is said to be able to make a cruise of 12,000 miles on its own resources and to have a maximum speed of 100 miles an hour. Under the terms of the peace treaty the Germans have to give up all such war material.

## TURKS TO GO UNLESS TREATY IS SIGNED

### Sultan's Government Given Ten Days To Answer Ultimatum

Versailles, July 17.—A threat to drive the Turks from Europe "once and for all," was contained in the allied reply to the Turkish objections to the peace treaty delivered to the Turkish peace delegates here at 4 o'clock this afternoon. Such action might follow Turkey's refusal to sign the treaty or her failure to give it effect, the reply states.

The Turks were informed in the reply that they must make known their decision within ten days. If by midnight on July 27, they were told, they had not signified their willingness to sign the peace treaty, "the allied powers will take such action as they may consider necessary in the circumstances."

The allies made some minor modifications in the treaty after the Turks had presented their protests, but it is understood that these modifications do not materially affect the original draft.

#### Replies blunt.

The allied reply is couched in the bluntest language and says:

"If the Turkish government refuses to sign the peace, still more if it finds itself unable to re-establish its authority in Anatolia or give effect to the treaty, the allies, in accordance with the terms of the treaty, may be driven to reconsider this arrangement by effecting the Turk from Europe once and for all."

"The allies are clear that the time has come when it is necessary to put an end once and for all to the empire of the Turks over other nations."

The note refers to Turkish atrocities which startled and shocked the conscience of mankind, and cites that it is estimated that since 1914 the Turkish government has "massacred on the mendacious pretext of alleged revolt 800,000 Armenians, including women and children."

#### MOSLEMS TAKE HAND.

New York, July 17.—Drastic action, thru a "non co-operation movement," is planned in India among the Moslems, with Hindu assistance, to force the government to take action toward securing such modification of the Turkish peace treaty as will make it more acceptable to the Moslem world, according to advices received here today by the India Information Bureau. This movement, should the plans for it become effective, would be carried out in four progressively serious stages, thus:

First—Giving up all titles and honors conferred by the crown.

Second—Resignation from all government offices and from the legislative council.

Third—Resignation of officers and soldiers from all army duties.

Fourth—Refusal to pay taxes.

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of Ballard's Snow Liniment will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by Ohio County Drug Company.

#### LUSITANIA LIFE BELT PICKED UP IN RIVER

Philadelphia, July 17.—A life jacket, silent remembrance of the tragic sinking of the Lusitania five years ago, and bearing a strand of faded blonde hair, was picked up Wednesday in the Delaware River.

The name of the ship the Germans torpedoed still remained, clear and distinct, on the wave-beaten canvas, which had been adrift on the seas thruout three years of war and two of peace.

The life jacket which was found by two railroad detectives, was covered with slime and seaweed, with one arm-strap broken. On one side were the words, "Life Belt," and on the other, in large, black letters, the inscription, "Lusitania."

## Children Cry FOR FLETCHER'S CASTORIA

#### GEMS SHATTERED IN CASE BY BULLET

New York, July 15.—A new mystery was added today to the list now perplexing the New York police, when three diamonds of a \$10,000 collection bought from Tiffany & Company of Gannett, Munn, of Eadnor, Pa., were found shattered by a 38-caliber bullet as they lay in the box in which they were delivered. Mr. Munn bought the gems for his wife, who is a daughter of Deputy Police

Commissioner Rodman Wanamaker of this city.

A hole in the red-plush case showed where the bullet entered. The shattered diamonds were worth \$3,000. Police are seeking to determine whether the bullet was fired into the jewel case before or after it was delivered.

The express company, which delivered the gems, disowned responsibility in the matter, recalling that in September, 1919, a bomb was received at the home of Mrs. Rodman Wanamaker, wife of the police official, from a former employee. Officials of the company believe some one had fired a shot into the jewel box to ascertain whether or not it contained explosives.

#### Cut This Out And Take It With You

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Coughs. You will find nothing quite so satisfactory for constipation and indigestion.

#### FOUR YEAR-OLD SHOT

##### MOTHER ACCIDENTLY

A very sad accident occurred at Graham Saturday afternoon when Mrs. Effie Reed Mabrey was shot and killed by her four-year old son.

The shot gun was supposed to have been empty but when Mrs. Mabrey undertook to take the gun from the child he pulled the trigger killing her instantly. The baby she was holding in her arms was taken to the hospital at Madisonville, where they hope it will recover the sight of one eye, the other being put out and one ear injured besides severe burns about the face.

Mrs. Mabrey leaves a husband, Willis Mabrey, and three small children, having buried two little children this spring makes the accident all the more sad.

The bereaved husband and little children have the sympathy of the entire community.—Central City Argus.

#### U. S. SUED TO FORCE

##### DECLARATION OF PEACE

Washington, July 17.—Harry A. McCarney, a Chicago lawyer, in his capacity as a taxpayer today filed suit in the District Supreme Court to compel Secretary of State Colby to promulgate immediately the joint resolution of Congress declaring an end the state of war with Germany. Mr. McCarney based his suit on the ground that the President has no veto power over a joint resolution.

The peace resolution has been a law, the plaintiff contended, since its passage May 21. Harry J. Bryan identified in the papers as "editor of law" of the State Department, also was made a defendant on the grounds that the actual publication of all the laws was his duty.

Failure of the defendants to publish the alleged law, Mr. McCarney claimed, has resulted in a confused condition which is potent with national peril and with peril to the public comfort, morale and the normal pursuit of patriotic ideals of the people of the United States. Trade also has been adversely affected, it was alleged, the resulting loss reaching every American household.

#### DAMP OVERCOMES 2 IN OLD MINE SHAFT

Owensboro, Ky., July 13.—Joe Faqua, 50, and his son, Robert, 15, were drowned in the shaft of the abandoned Fernhill coal mine, west of Owensboro, this afternoon. Father and son left home early this morning to pick blackberries. The supposition is that the boy leaned over the shaft of the mine, was overcome by fumes of black damp and fell in. His father then descended a ladder, it is thought, in an effort to rescue him, and he too, was overcome and fell into the water.

The bodies can be seen in the water tonight, but on account of the fumes a rescue has not been effected. The finding of a lunch basket and a hat near the shaft of the mine led to the discovery of the double tragedy. A large crowd is at the mine tonight.

#### FATHER STOLE WIFE, DEAT HIM, IS CLAIM

Baltimore, Md., July 17.—Testimony from Jerome Thomas Harryman, who was granted an absolute divorce from Mrs. Marie Harryman on statutory grounds, showed that his father, William H. Harryman, was the co-respondent in the case.

Harryman, who was married in June, 1916, testified that he and his wife lived together only three weeks. Shortly after the marriage he was compelled to leave the city on business, Harryman said, and upon his return found his wife and his father living together. She refused to come home with him and when he insisted his father "beat him up," saying the woman "had made her choice."

## Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3, 30 x 3 1/2 and 31 x 4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30x 3 1/2 Goodyear Double-Cure  
Fabric, All-Weather Tread . . . \$23.50  
30x 3 1/2 Goodyear Single-Cure  
Fabric, Anti-Skid Tread . . . \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50  
30x 3 1/2 size in waterproof bag

# GOOD YEAR

## INDICT HEADS OF 35 COAL CONCERNS

### Investigation Results In Warrants For W. Va., Operators.

Charleston, W. Va., July 17.—Thirty-five coal companies and their chief officers, all of Southern West Virginia, were named in warrants issued here today in connection with the coal price investigation conducted during the past two weeks by government authorities. The warrants were placed in the hands of the United States marshal, who will execute them early next week.

The warrants charge that the defendants "did unlawfully make an unjust and unreasonable charge in handling and dealing in a necessity, to-wit, coal." Commenting on the action taken by the federal authorities, J. N. Kenna, United States attorney, said "the warrants which have been obtained today for violation of the Lever act in the sale of coal in this district were taken under direct instructions from the Department of Justice."

A E Hayes, chief special agent of the Department of Justice in the southern district of West Virginia, conducted the investigation of the sales agency and records of the operators. The federal authorities did not make public the coal prices charged by the company and which are alleged to have violated the Lever law.

United States District Attorney H. Kelly, who assisted Agent Hayes in the investigation, announced today that representatives of the operators had requested him to fix the price at which coal might be sold without violating the act. The attorney added that he had informed the operators that the question was a matter to be decided by the companies themselves.

#### WHEAT TAKES BIG FALL

Chicago, July 16.—Wheat underwent a sensational break in prices today. The market opened all the way from unchanged figures to 9 1/2 cents

lower, and soon was down 10 1/2 cents a bushel in some cases for December, the principal speculative delivery.

The big tumble in values was attributed more to lack of buying orders than to any great pressure to sell.

As low as \$2.60 a bushel was touched for December as against \$2.70 1/2 at the close yesterday. Activity broadened materially in the market after the setback in prices. It was estimated that by midday 1,000,000 bushels had changed hands.

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good, healthy condition. Price 60c. Sold by Ohio County Drug Company.

#### ODD USES FOR SALT

Salt and soda make an excellent remedy for bee stings.

Salt and vinegar will remove stains from discolored teacups.

Salt and water make a splendid gargle for sore throat.

Salt put in whitewash will make it stick.

Salt rubbed on spoons will remove egg stains.

Salt in water will keep cut flowers fresh.

Salt thrown in fire will put out fire in chimney.

Salt put in pan in bottom of oven under baking tin will prevent bread and cakes from scorching at the bottom.

#### MEXICAN CATHOLIC PARTY WILL NAME CANDIDATE

Mexico City, July 17.—The Catholic party will hold a convention tomorrow to select a candidate for the Presidency of the republic. El Universal says today that the platform will include the establishment of cordial international relations, political, religious and educational freedom and sane labor legislation recognizing the right of the workers to fair compensation but preserving the rights of property.

## 3 CALVES LOSE 20 LBS. IN 25 MINUTES

Regain Of Lost Weight In 30 Seconds  
Not In Any-Else Miraculous—However.

The story of how three calves lost twenty pounds in weight in twenty-five minutes while crossing from Kentucky to Indiana is told by Mr. G. P. Heath.

The story is told by Mr. G. P. Heath, President of the Trimble County Farm Bureau as follows:

"A general complaint has been going throughout the county on the weights the farmers received on their livestock at the hands of the Pearl Packing Company, better known as the Yonker's place. The matter was reported to the State Farm Bureau, Lexington, Ky., that organization took it up with the Indiana Federation, and brought about the investigation, which is as follows:

"On May 19th, I received a letter from Geoffrey Morgan, Lexington, Ky., Secretary of the State Farm Bureau, with a copy of another letter enclosed from H. C. Reid, of the Indiana Federation of Farmers' Associations of Indianapolis, Ind., asking him to meet the Scale Inspector at Madison on Monday night, May 24. On account of previous engagements Mr. Morgan could not meet him and asked me to represent him, also to make arrangements for some stock to be weighed, which together with Secretary J. L. Luckett, I did.

"After meeting the inspector, Mr. White, of Shelbyville, Ind., I suggested that he come to the Kentucky side Tuesday morning and test a scale on which to weigh three calves being hauled by the Bedford Truck consigned by M. E. Sanders, M. T. Fisher and Theodore Persell to the Pearl Packing Co. Mr. White came to the Kentucky side and tested the scale of J. P. Strother, weighed the three above mentioned calves, loaded same back in the truck, and followed them to the Pearl Packing Company's scale, where they were weighed twenty-five minutes later by Gus Yonker in person. Immediately after the calves had been weighed and the tickets for same issued, Mr. White, the Indiana Scale, Weight and

Measure Inspector who was waiting just on the outside, walked in and called for the tickets and when examined found them to be twenty pounds short.

"Mr. White demanded that the calves be re-weighed, without testing or changing the scale in anyway. The calves were driven back on the scale and re-weighed by Mr. White, weighing exactly what they did twenty-five minutes previous on J. P. Strother's scales at Milton, Ky. Mr. Yonker's only defense was that all live stock dealers bought by up weight and ordered Mr. White to change the tickets to correspond with his weights.

"The result of this one short weight of twenty pounds meant in dollars and cents a loss of \$2.00 to the farmers. Those who are familiar with the volume of business done by this Company can readily see from this shortage what the losses might mean to the farmer during a period of twelve months.

"The Farm Bureau throughout the country are conducting these investigations and intend to continue. All the farmer asks is a square deal from the Pearl Packing Company, or any other company. If this investigation and publication does not bring results the Farm Bureau will offer a remedy in its next article.

#### OUTLAW RAIL MEN FINED \$1,000 UNDER LEVER ACT

Los Angeles, July 15.—Five railroad men, convicted of having violated the Lever act by participating in the switchmen's strike last April, were sentenced to pay fines of \$1,000 each by Judge H. F. Blodgett in the United States District Court here today. The court granted a stay of execution for ninety days.

#### TURKISH NATIONALISTS ATTACK GREEK SHIPPING

Constantinople, July 15.—The Turkish Nationalists have begun an attack upon Greek shipping in the Black Sea. The Greek steamer Filia on entering Karsoon west of Trebizond, from Batum on July 14 was seized by Nationalists who took the vessel's officers prisoner, put Turks in charge and seized 7,000,000 rubles.

Farmers Mutual..... 59  
Cumberland.....123

FRIDAY,.....JULY 23

### REPUBLICAN TICKET.

For President—  
**WARREN G. HARDING.**  
For Vice President—  
**CALVIN COOLIDGE.**

### ANNOUNCEMENT

We are authorized to announce the  
candidacy of Richard P. Ernst, of  
Covington, for U. S. Senator, from  
Kentucky, subject to the action of  
the Republican party.

We are authorized to announce  
Marshall Duncan, of Springfield, as  
a candidate for the Republican nomi-  
nation for Congress in this district.  
Primary Election, August 7, 1920.

We are authorized to announce the  
candidacy of W. P. Hays, of Nelson  
County, for Congress from the Fourth  
Congressional District, subject to the  
action of the Republican party.

"We are authorized to announce  
the candidacy of John P. Haswell, Jr.,  
of Breckenridge County, for Congress  
from the Fourth Congressional Dis-  
trict, subject to the action of the Re-  
publican party.

Prohibitions are threatening to run  
Bryan and "Billy" Sunday for Presi-  
dent and Vice President. If that pair  
of roaring "Bills" should take the  
stump together no brass bands or  
sound making devices will be needed  
in the totetot's camp between now  
and November the 7th.

Is the announcement of Candidate  
Cox that if elected President, he will  
appoint a real "dirt" farmer as Sec-  
retary of Agriculture to be taken for  
a confession or charge that Wilson  
has been careless in his selections,  
and has appointed men of unworthy  
class as head of that department?

Col. House, at one time and for  
long, Wilson's mysterious and chief  
advisor, announces that in the caucus  
of Nations, Europe wanted to formu-  
late and adopt a peace treaty and  
later build a league of nations. But  
Wilson wanted it the other way, and  
thus the whole business was muddled  
up.

Without having to be prompted,  
without having to confer with anyone  
as to "where bouts he is at" with re-  
ference to the platform and his views  
upon the greater questions affecting  
the Nation, Senator Harding is already  
giving the Democrats plenty to  
worry about, and you know when you  
get the so-called untried to worry-  
ing there is plenty enough the matter.

My investigation, it has developed  
beyond all reasonable doubt that one  
of the three negroes lynched in Du-  
luth, Minn., June 15 for an alleged  
attack upon a white woman, was  
wholly innocent. It is too late, how-  
ever to do the hanged negro any  
good, but among men of ordinary in-  
telligence it ought to have some  
weight with those who get the lynching  
bees in their heads in the future.

Candidate Cox covers a wide range

of territory when he solemnly prom-  
ises to do his utmost to carry out ev-  
ery pledge and policy of President  
Wilson. Cox could have done nothing  
to make that announcement, but  
to thus virtually announce to the  
world the belief in the infallibility of  
Woodrow's every act and desire, in  
our opinion, will not add to the vot-  
ing strength of Cox, but on the other  
hand, will side-track thousands who  
might have supported him.

"Can there be any doubt that the  
bigging of the Germans over the  
terms of the treaty which they signed  
a year ago, is the direct result of  
America's not being in the League?  
Can there be any doubt that they are  
playing for time, to see what the  
American people will do in Novem-  
ber? Can there be any doubt that if  
America endorses the action of those  
who kept us out of the League, the  
Germans will come out holdidly and  
reject the treaty as another scrap of  
paper? And this will mean war. Another  
Hindenburg Line will be stretched  
across Europe. What, then, will  
America do?"—Hartford Herald.

We could as safely say that the lore  
of the Chaldean Sages and occult mys-  
teries of the olden Persian Magis are  
to us as an open book, but to the  
some half dozen questions contained  
in the foregoing editorial we might as  
well say yes. The future has not been  
made bare to our circumscribed vi-  
sion, however, in a manner so plain  
perhaps, as is the case with the au-  
thor of the above Interrogatories, but  
if the world in general, and the Uni-  
ted States of America in particular, is  
to be as badly humbugged and hun-  
ced about this great and all-wise  
war preventive prepared by Wood-  
row Wilson as self-appointed spokes-  
man for America, and which he has  
so unrelentingly strived to jam down  
the necks of the people, when by  
their representatives duly and con-  
stitutionally speaking they have said  
that they do not want it, as they were  
when you were crying from every  
stump and hilltop, even from Main  
to California, and the otherwise  
across too, that the great Wilson had  
kept us out of war, and that if we  
would only elect HIM again he would  
continue to keep us out of war; Then  
I say, may the good Lord of the uni-  
verse continue to help those com-  
plained of in the editorial, and oth-  
ers, to continue to keep us out of this  
abominable thing the Herald would  
fasten upon us. You fooled us so  
completely about his keeping us out  
of war that we simply don't wish to  
lie down cold and swallow another  
dose of medicine from Dr. Wilson's  
bottle the second time without hav-  
ing a strong antidote ready and at  
hand. The reservations demanded by  
the Republicans and asked for by  
numbers of Democrats is, we think  
antidote to Wilson's poison. It  
seems that what the Herald wants  
is another opportunity to send Amer-  
ica's young men back to Europe  
again, not only to France and Ger-  
many but to almost every corner of  
the European world. Is the Herald  
for making the United States bare  
the sword and shoulder a musket in  
every little and big turmoil that is  
now, and hereafter to arise, with her  
bone, blood and sinew? Everybody,  
unless it be a few of the most narrow  
visioned and hide-bound partisans  
agree that unconditional acceptance  
of the President's League means that.  
And you are in favor of it—we won-  
der? Yes, we wonder what the para-  
mount issue may be in 1924, if this  
thing should be adopted and we are  
as badly fooled as we were in 1916  
with your battle yell—HE kept us out  
of war? Vote for Wilson and have  
peace, a sweet peace, vote for Hughes  
and have war. Have you forgotten  
about that? And now, you try the  
same sort of a game, but four  
years is too short a span of time in  
which to forget your other false cry.

### DUKEHURST

A baby girl was born to Mr. and  
Mrs. Jim Smith Jr., recently, christ-  
ened Anna Morine.

Mr. J. R. Weller of Taffy, spent  
Sunday with B. M. Combs and family.

Mr. and Mrs. Sherman Smith, of  
near Hartford, spent Sunday with  
their daughter, Mrs. Jim Smith Jr.

Rev. M. G. Snell preached at Con-  
cord Saturday evening and Sunday.

Miss Pearl Coppage, of Dundee, is  
visiting her sister, Mrs. Onls, White-  
house.

Miss Elizabeth Morris spent last  
week with relatives near Beech Val-  
ley.

Mr. and Mrs. G. P. Jones, of the  
Washington Country, entertained Fri-  
day night, July 16, with a pound party,  
in honor of their daughter, Zonia's  
seventeenth birthday.

Mr. and Mrs. Romney Helton went  
to Hartford Tuesday.

Master Dudley Hoagland, of Fords-  
ville, is visiting relatives at Clear  
Run.

Miss Evelyn Jones and brother,  
Estill, of Madisonville, who have been  
here for an extended visit, returned  
to their home Wednesday, accompa-  
nied by their cousin, Margaret Carter.

## STRAY STREAKS

(By Fluke McFluke.)

Rowan Holbrook says he will be  
mighty proud when Ike Casebler gets  
through painting his house, as he is  
getting tired of having to keep his  
doors that lead to the upper veran-  
das locked both day and night.

This far, Ed Barrass has made no  
attempt to make us pay the Light and  
Water Company for the glorious rain  
that fell on our garden Sunday night  
but the month is not yet gone and we  
shall not feel perfectly safe until July  
is behind us.

We are thinking of writing to Cyn-  
thia Gray to find out whether Mr.  
Harding was very much surprised to  
learn from the Notification Commit-  
tee of his nomination for President.  
It looks to us like a darned shame  
to keep a good fellow in the dark so  
long.

There is considerable talk amongst  
a certain set in this burg of starting a  
drive for funds with which to bribe  
Uncle Tommy Bean to tear his front  
porch down so that Rev. Smith may  
be forced to sit on the dark side of  
the house on Sunday afternoons.  
There is no road by which one may  
reach the ball park other than the  
one passing directly in front of the  
porch where the preacher spends his  
Sunday afternoons, and when one is  
caught sneaking down that way it is  
a dead-give-away.

Mut Hunter says he is gonna buy  
himself a joe boat so's he can paddle  
down the river to the ball park and  
sneak up through the bushes all un-  
beknownst to the general public who  
don't go to Sunday games.

P. S. Ed Barrass has petitioned  
Hunter to take him in partnership on  
the joe boat proposition, but Mut says  
should he be caught out with Barrass,  
his, Mut's motives would most cer-  
tainly be questioned and for that  
reason, he's undecided about what to  
do.

Rev. R. E. Fuqua is certainly good  
to his folks. But we guess he ought  
to be, being as he is a preacher. It is  
expected that he would do some bet-  
ter than a layman, and occupy the po-  
sition of you might say, example for  
those of us who sit in pews fronting  
the pulpit to shoot at. But to the  
point: Bro. Fuqua takes his folks to  
the blackberry patches in an auto-  
mobile, yes sir! he does that, and  
he drives the car and everything and  
always hangs around until they are  
through or have filled all of their  
receptacles and hauls them home  
again.

A. Rial says it is perfectly scanda-  
lous the way some people do these  
days. Prinstance, it has always been  
a common and recognized custom for  
undertakers in burying the dead to  
furnish plank to the thickness of one  
full inch with which to cover the  
casket and box, but alas and alas,  
so Rial avers, in order to save a lit-  
tle money and make his profits a lit-  
tle larger, a certain Undertaker, who is  
Ernest in this and Ernest in that, if  
it affects him, has had all of his cov-  
ering boards cut 2.16 of an inch thin-  
ner. The Kaiser further says that  
this fellow does this simply because  
his easy to put over on a person who  
can't kick.

### CENTERTOWN.

Capt. Owen Brown, of Elmitch, was  
in town Sunday.

Picking blackberries is the order of  
the day, here.

Mrs. L. W. Tichenor visited rela-  
tives in Hartford the first of the  
week.

Miss Pearl Tichenor visited rela-  
tives at McHenry, Saturday night and  
Sunday.

Chester Bishop, of Middlesboro,  
visited his father, J. M. Bishop, here,  
last week.

Angus Buskel, of Tenn., was in  
town Saturday, shaking hands with  
old friends.

Ulus Tucker and family, of Max-  
well visited relatives here Saturday  
and Sunday.

W. C. Everley and family, visited  
relatives at Matanzas last Saturday  
and Sunday.

Miss Opal Crafton, of Central Cl-  
ty, was the week-end guest of Miss  
Katie Wallace.

Henderson Stearman and family,  
of Matanzas, spent Sunday with L. W.  
Tichenor and wife.

Miss Agnes Duncan, of Green-  
ville, spent the week-end here, with  
relatives and friends.

Chas. Crowley, of Henderson, spent  
a few days last week visiting his un-  
cle, G. H. Ashby, here.

Misses Mary and Ruth O. Flynn of  
Utica, spent last week here with their  
aunt, Mrs. E. M. Morton.

Helfrich Bishop, who got hurt in  
the mines here last week, is getting  
along as well as could be expected for  
one hurt as bad as he was.

Rev. J. J. Willett, of Owensboro,

filled his regular appointment at the  
Baptist church here Saturday night  
and Sunday.

The crops in this vicinity are look-  
ing fine since the good rains that  
fell the last week and the farmers are  
greatly encouraged.

Miss Margaret Henton, who has  
been away for several months, at-  
tending school at Berea, Ky., return-  
ed home here, last Saturday.

Miss Thelma McKenney, of Louis-  
ville, returned home after spending  
two weeks here, visiting her grand-  
parents, Mr. and Mrs. Foster, McKen-  
ney.

### ROSINE.

Rev. Marlow and wife are conduct-  
ing a meeting near Cnneyville.

Miss Donnie Farris is visiting rela-  
tives in Butler County this week.

People here are almost through  
cultivating their crops and they are  
looking fine, farmers are now taking  
care of their hay.

Mrs. Monroe, who has been sick  
for some time, is now able to get out  
and visit some.

Mr. Melvin Kessinger closed his  
singing school at Sugar Grove last  
Sunday.

Mrs. Betsey Pierce and Mrs. Nancy  
Keown have been on the sick list, but  
are now much improved.

Mr. Lefe Embry is teaching Fair-  
view school and his brother is con-  
ducting the store for him.

Mr. John Pierce, who has been in  
Texas for some time, has returned  
home, and reports work dull.

Miss Donnie and Bonnie Balze vis-  
ited friends in Rosine Sunday, return-  
ing to their home at Beaver Dam  
Sunday night.

The people here are looking for-  
ward to the time when they can vote  
against Wilson and the sugar trust.

Mrs. Harry Hoover and her moth-  
er, Mrs. Collins, visited relatives in  
Rosine last week and will soon start  
on a visit to Colorado to spend some  
time with relatives.

### FORDSVILLE.

Little Miss Mildred Slaton spent  
Sunday with Little Miss Helen May  
Tilford.

Most of the schools of this educa-  
tional division have begun with very  
good attendance.

Miss Ruth Chambliss, of Hardins-  
burg, spent the week-end with her  
aunt, Mrs. Helen Walker.

Miss Golda Withers, of near town,  
spent Sunday with her aunt, Mrs. R.  
H. Whittinghill.

Mr. and Mrs. Romney White, of  
Owensboro, spent the week-end with  
Mr. Whites' aunt, Mrs. J. B. Wester-  
field.

Dr. F. K. Slaton, Mrs. Slaton and  
children, of Kansas City, Mo., are  
visiting their parents, Mr. and Mrs.  
W. S. Glines.

Mrs. Arthur Bratcher and Little  
daughters and son, of Hunter, Ark.,  
are visiting Mrs. Bratcher's moth-  
er, Mrs. Bettie Johnson.

### SULPHUR SPRINGS.

We have had several good rains  
during the past two weeks, and all  
crops are growing fine. The farmers  
are greatly encouraged altho the corn  
crops are small.

There are protracted meetings in  
progress at Red Hill and Jingo, and  
we hope that much good may be ac-  
complished for it is needed at both  
places.

A man out near Jingo found a stray  
hog at his place a few night ago, and  
called around to his neighbors on  
the telephone trying to locate the  
owner, but failing, he huilt a pen and  
put the hog up for the night and  
the next morning when he went to  
feed his hogs there was one missing  
so he took another look at the stray  
and lo and behold! It was his own  
hog. Such is life.

## OFFICIAL PRIMARY BALLOT.

## REPUBLICAN PARTY.

FOR REPRESENTATIVE IN  
CONGRESS

MARSHALL DUNCAN.....☐

JOHN P. HASWELL, JR.....☐

W. P. HAYS.....☐

I, W. C. Blankenship, Clerk of the  
Ohio County Court, do certify that  
the above is a true copy of the ballot  
to be voted on at the primary elec-  
tion to be held Saturday, August 7,  
1920.

Witness my hand, this 19th day  
of July, 1920

W. C. BLANKENSHIP,  
Clerk

## Wirthmor Silk Blouses

Savingly Priced at \$6.75

The name "Wirthmor" on a Blouse is an assur-  
ance of many things; unfailingly it is an assurance  
of decidedly superior value.

There are several delightfully pretty styles in the  
new lot just received made of Georgette, Crepe de  
Chine and Pongee.

All are cut on lines that insure perfect fit.

We are especially glad to offer these blouses at  
this time when everyone is interested in keeping  
down living costs.

The supply is limited and no  
more of the same models can be  
had. Hence we urge an early se-  
lection.

SOLD HERE ONLY

## Carson & Co.

Hartford, Kentucky.

## BEADS ODDLY STRUNG

(By I. D. Claire.)

I am getting on poorly with my re-  
cent new love affair—loving people.  
I was making real headway until I  
fell into the way of the Public Library,  
and found more interest in dead peo-  
ple than living ones.

I have been reading recently Plu-  
tarch's Lives, a work of great merit  
that has brought down to us much  
useful knowledge of the kings and  
philosophers of ancient Greece and  
Rome. Plutarch was himself a Ro-  
man, and a little later than the  
Master Caesar. He did not, as he tells  
us, write histories but lives of men  
of his own and remoter times. Caesar  
and Seneca, Alexander and Alcibiades,  
Lycurgus and Lyssander, and many  
other ancient mariners of thought and  
action are preserved to present  
and future generations through the  
admirable scheme and execution of  
this gifted Roman writer.

In a study of Plutarch's Lives I am  
struck with the marked contrast in  
the composure and happiness between  
the Kings of action, who have aspired  
to the power of the purple, and the  
Kings of thought, whose highest  
purpose was to know the origin and  
relation of things. Plato and Socrates  
and Lycurgus were gods of peace and  
love, while Alexander, Hannibal and  
Caesar were gods of war and despair.  
Without losing a battle Hannibal  
deploated Lacdemonia by sacrifice  
on the field, Alexander died of despair  
after conquering the world, and Cae-  
sar, after suffering untold hardships  
to encompass a crown, fell a victim to  
assassins in the Senate chamber, and  
the ignominy of dying to restore Ro-  
man liberty. Although the ages a  
curse follows the aspirant for the  
crown. Note the tragedies in our  
own day and country. Roosevelt  
staked everything, and lost, in his  
ambition to play the part of a con-  
stitutional master of his country. I  
have it from a personal friend of his  
that in the early autumn of 1912 Col  
Roosevelt confidently believed he  
would sweep the country, and would  
achieve the rare distinction of break-  
ing up the solid south. The disap-  
pointment that followed is history.  
Less than a year ago President Wil-  
son, despite a recent vote of no con-  
fidence set out upon a conquest of the  
country to force a recalcitrant senate  
to confirm his League of Nations. I  
have it second hand from a news-  
paper correspondent who attended the  
President on his ill-fated speaking

tour that Mr. Wilson was so obsessed  
with a sense of his personal power  
that he was confident his platform  
appearance would meet with such a  
positive and enthusiastic approval  
with the public that the senate would  
acknowledge its disgraceful defeat  
and hasten the event of ratification.  
And the correspondent is further  
quoted as noting a marked change in  
the President's manner as audience  
after audience turned away with in-  
difference or gave evidence of protest.  
It was not the strain of overwork,  
but the despair of disappointment  
that overwhelmed the man who aspired  
to wear the targa of a world gov-  
ernment. Against this appalling  
tragedy of balked ambition, bitter  
disappointment and helpless despair  
of men of genius who aspired to  
crowns, how splendidly pacific and  
placid appear the lives of that other  
genius, like Plato and Seneca and  
Cleero and Emerson, who loved but  
to know the best relations possible to  
men, and how best the peace of the  
world could be kept. While the mad-  
ness for power and the lust for wealth  
engage the attention of so many  
strong men it is well that a few think  
more of knowledge, which, after all,  
is the force that keeps the world to-  
gether.

"Economy is near to the keystone  
of character and success. A boy that  
is taught to save his money will rarely  
be a bad man or a failure. The  
man who saves will rise in his trade  
or profession steadily; this is inevita-  
ble."—Gladstone.

## WILL GIVE BETTER TRANSFER SERVICE

On and after July 1, I will be able  
to give you 100 per cent better trans-  
fer service between Hartford and  
Beaver Dam, for the following rea-  
sons:

I will operate nothing but clean,  
easy riding cars.

You will not be compelled to wait  
while the mail is being loaded.

You will not be compelled to ride  
in a mail truck with the dirty mail  
bags.

I will be able to start promptly on  
time, as I will have no mail for  
which to wait.

I appreciate your patronage while  
I was handicapped by the mail con-  
tract, and assure you that it is with  
pleasure that I announce a better  
service for you.

Respectfully,  
J. E. CURTIS.

# Did You Say Voiles

Oh Yes, We Have Them!

Just received a SPINK, SPANK new line by Express to-day. The goods are in great demand, and have been exceedingly hard to get.

They come in a large and varied assortment of patterns, and we are sure you will want a pattern when you see them.

Better come early to get a good selection. Their popularity and pretty styles will move them out in a rush.

The Prices Run From 50c to \$1.50 per Yard.

Besides these we are showing a complete line of Flaxons, Organdies, Mulls, etc., in all the latest colorings. The hot weather is now on us. Wear cool clothes, worry less, and you will live longer. We have the remedy. See us.

**FAIR & CO.**  
THE FAIR DEALERS

## The Hartford Republican

FRIDAY, JULY 23

### ALLIES RESOLVED TO SAVE POLAND

Bolshevik Enroachment Would Open Way For Huns To Avail Their Obligations.

London, July 21—Premier Lloyd George, addressing the House of Commons today, said the Soviet answer to the Allies regarding peace with Poland was incoherent, ambiguous and propaganda largely intended for home consumption. So far as he could understand, however, the Soviet indicated its willingness to negotiate direct with Poland.

The Soviet Government, the Premier declared, also wanted to give Poland better boundaries than those named by the Allies. Mr. Lloyd George said there were some phases in the Soviet message indicating the Bolsheviks only were prepared to discuss the matter with a proletariat. He declared the Soviet Government had no right to dictate to Poland what sort of Government the Poles should have.

The Premier asserted that an independent Poland was essential to the whole fabric of peace and the Allies were resolved that they must prevent the destruction of Poland and the march of Bolshevik armies through Polish territory. If the Bolsheviks overran Poland they would be up against the German frontier, and Mr. Lloyd George said this would furnish Germany a great temptation with her millions of trained men.

It would be a cheap way, according to the Premier, for Germany to get out of her obligation. "I only ask the members to think whether it might not have the effect of depriving the Allies of the fruits of the dearly bought victory," Mr. Lloyd George added.

Mr. Lloyd George pointed out that the Soviet Government had not been chosen by the Russian people and he declared that it was as great an autocracy as its predecessor.

The Premier announced that the British Ambassador at Berlin had gone to Poland and said that it was possible that Marshal Foch would go there later.

It was to the interest of Great Britain and to Europe, that Poland should not be wiped out, declared the Premier.

In order to test the good faith of the Soviet Government, he explained, it was decided at Spa to advise Poland to apply to Russia for an armistice with a view to peace.

### YOUNG PEOPLE HAVE ENJOYABLE OUTING

About twenty of Hartford's young people, chaperoned by Misses Leila Glenn and Mattie Duke, spent the day Tuesday picnicking at Bishner, some five miles below town on Rough River. The girls of the party had prepared a nice lunch, which was spread at the noon hour and much enjoyed by all. The day was spent in boat riding, inspecting the mines and in various forms of amusement.

The party took the afternoon train for Centertown, returning home on the passenger in the late evening. Lewis Grey Brown, of Harrisburg, Ark., was a special guest of the picnickers.

### COX TO STATE STAND ON LEAGUE AUGUST 7

Washington, July 21.—Gov. James M. Cox, the Democratic Presidential nominee, will set forth fully his position on the Versailles Treaty, especially with respect to the League of Nations issue, in his forthcoming speech of acceptance when notified August 7 of his nomination as the party standard bearer.

Until then, it is understood, Governor Cox will not yield to determined attempts being made by Old Guard Republican leaders interested in the Senator Harding nomination, to drag out the Governor in detail on the league issue and his categorical attitude towards President Wilson's foreign policy.

## FARM DEPARTMENT.

### Markets of The World Now Beckon To America.

Never before has there been such opportunity as at present for the United States to occupy an important place in world commerce, particularly with regard to food supplies, say marketing specialists of the Bureau of Markets, United States Department of Agriculture.

These experts state that the matter of national grades is therefore one of paramount importance. In the markets of the world the seller with the best graded products is the most successful. Standardization establishes a common language between the buyer in one country and the seller in another; in fact, experience has shown that the decisive factor in the development of foreign business often hinges on the proper standardization and grading of the products to be sold.

Denmark's large export trade in butter has been the result of a system of inspection and grading whereby the Government limits the use of the national trade-mark to creameries whose products are of satisfactory quality. The Danish system recognizes only one grade of butter—the best. As a result the producers and sellers of Denmark butter always find a ready market in every country. Other nations have adopted these practices with similar results.

It would seem obvious that the bureau's experts, that a national system at least for grading dairy products produced in the United States would be advantageous to all who are engaged in this important branch of agriculture.

### Efforts To Secure Bale Ties.

Something new in the way of "shortages" has developed. This time it is a shortage of baling wire for this season's hay crop. If the horses go unfed, it will not be because of lack of hay, but because of the lack of bale ties to bind the hay for shipment.

Active steps taken by the Bureau of Markets, United States Department of Agriculture, to aid in overcoming this shortage of bale ties have resulted in one factory, with an output of 800 bundles a day, resuming work to capacity, and several other large manufacturers stating their willingness to do everything possible to meet the demand.

The Bureau of Markets has communicated with the principal manufacturers of wire and the leading bale-tie factories, urging them to increase their production. A survey of the entire situation disclosed that the general scarcity is due mostly to strikes, transportation difficulties, and shortage of wire.

As distribution is one of the main reasons for the present shortage, the Department of Agriculture has suggested plans to manufacturers by which it is hoped to supply those sections of the country first where the need is most pressing. It is believed that if the manufacturers proceed along the lines suggested, sufficient bale ties will be manufactured and shipped to dealers to supply the demand with but little loss to the hay crop.

### How To Kill The Fleas On Cats, Dogs, And Hogs.

One of the most successful ways to kill fleas on cats and dogs, say entomologists of the United States Department of Agriculture, is to wash the animals thoroughly in a tub containing the proper proportion of a saponified coal-tar cresote preparation, of which there are a number on the market, known as "stock dips," etc. Directions for dilution of these dips will be found on the container. The animal should be scrubbed thoroughly, and the head well soaked, as many fleas rush there to get away from the parts that are covered with the solution. After the animal has been in the bath for about 5 or 10 minutes it may be removed and allowed to dry. In the case of cats, especially if tender skinned, the preparation should be washed out of the fur with soap and warm water soon after the animal is taken out of the solution.

In addition to the destruction of all fleas present, this washing cleanses and deodorizes the fur and also aids in the healing of any wounds.

The thorough washing of infested animals in kerosene emulsion is a cheap and satisfactory method of destroying fleas. Five gallons of this emulsion may be made by dissolving 2 ounces of washing soap in 1 quart of hot water and when brought to a boil removing it from the fire and adding 2½ pints of kerosene. The mixture should be agitated violently with an egg-beater or something of the sort. This should result in a milky solution from which the oil does not separate. Water is then added to make 5 gallons. Free kerosene will "burn" animals, and if any separates out the mixture should be reheated, care being taken to avoid spilling it

on the fire or boiling it over. It then should be heated again.

### Help Plan Farm Homes.

Beautifulizing and improving the farm homes is the newest phase of home demonstration work in the South, yet more than 1,500 farm-houses were built in the South last year according to plans advised by the Home Club agents; 2,736 were remodelled, 2,677 had lighting systems installed, 19,270 had kitchens improved and made easier to do work in, 26,311 labor-saving devices were made or purchased, and 29,666 front yards were beautified. When extension work with the women was started 10 years ago, it aimed first to lighten women's work and to lift it out of the realm of drudgery and to aid in food problems. As these problems were being solved the questions of clothing, home conveniences, increased poultry and dairy production, sanitary improvements, food composition, food values, and practical arrangement and furnishing of the kitchen were brought up by the women. This led to demands for practical plans for the whole house and for information as to its best location, drainage, water supply, lighting devices, inside arrangement, and decoration.

### Tobacco Has Small Acreage.

Since the estimate of 216,000 harvested acres of tobacco in the United States made by the Bureau of Crop Estimates, United States Department of Agriculture, for 1933, the area has irregularly increased to 1,647,000 acres in 1918 and 1,901,200 acres in 1919, with intermediate census acreages from 1879 to 1909.

Tobacco is one of the "principal" crops, and is rated as one of considerable importance from a national point of view and of high importance within the limits of some of the States, and yet the area occupied by it is a very insignificant fraction of farm and of crop area. The census for 1909 found 1,294,911 acres devoted to tobacco and this area was 0.41 per cent of the total crop area and 0.15 per cent of the farm area.

The spring of 1920 was unusually late; in only four years in the past 37 years has progress of plowing to May 1 been more backward than this year, namely, in 1912, 1904, 1903 and 1899. The outturn of 1912 was bumper crop yields, 1904 large crop yields, 1903 slightly above average, and 1899 about average.

### Feeding And Watering Live Stock In Transit.

When the distance is such that a live-stock shipment to destination cannot be made within the time provided under the Federal 28-hour law, animals must be unloaded, fed, and watered. The railroads which have the heaviest long-distance shipments provide feed-in-transit stations for this purpose at intervals along their lines. Railroads which do a small live-stock business often are without feed-in-transit stations, and the shipper patronizing these lines must make his own arrangements for feeding and watering.

### Carpet Grass Grows Best On A Well-Firmed Seed Bed.

On cultivated land, carpet grass succeeds best on a well-firmed seed bed. The seed may be sown any time from early spring till after midsummer when the moisture conditions are favorable. To secure a full stand of the grass promptly, seed should be sown at the rate of 10 pounds per acre. A method of seeding that has often been used is to cut grass with mature seed and scatter the hay over the land where it was desired to establish carpet-grass pasture.

To establish carpet-grass pasture in open forests or on cut-over land, without going to the expense of clearing the standing trees should be denuded by girdling. The land so denuded should be burned over in winter in order to remove all the tall straw of broom sedge, wire grass, and other bunch grasses. Plowing or disking is not necessary. Carpet grass at the rate of 5 pounds per acre may then be sown at any time after the weather becomes warm, but preferably when there is ample moisture. Farmers' Bulletin 1130 on "Carpet Grass" may be had free upon request of the United States Department of Agriculture, Washington, D. C.

### Federal Grain Standards Prevent Price Inequality.

Misunderstandings as to the application of the Federal grain standards and as to the benefits to be derived from the sale of grain upon a grade basis have been the cause of considerable dissatisfaction among producers and country elevator operators, but with the passing of these misapprehensions an ever increasing sentiment is being manifested in favor of the purchase and sale by grade at country points.

The old system of basing the price

at which wheat or other grain was bought from the farmer upon the average quality of the crop in any community or section was totally unfair to the producer of good grain. Under the "mine-run" basis of purchasing grain the producer of good grain received no more for his clean, heavy wheat than did the producer of light weight and otherwise inferior grade. Instead of a premium upon heavy grain, a premium was paid upon inferior products.

The application of Federal grain standards is calculated to prevent such inequality, and as experience is being had under the grading system growers are finding that the purpose sought is being accomplished.

### Crops and Transportation.

The Department of Agriculture predicts a somewhat smaller yield of the principal grains than last year yet they exceed the figures of normal years. Considering the great shortage of railroad equipment and facilities resulting from conditions created by the war, and with a disturbed labor situation following a period of strikes that has slowed up the movement of traffic generally and caused a loss of transportation capacity, the question arises as to how the railroads of the country can continue to handle the almost unprecedented volume of traffic, and then cope with the further difficulty of moving a crop of large proportions at a time when a large part of the enormous 1919 crop has not yet been moved to its ultimate destination. Some of the more prosperous railroads have been able to finance orders for equipment amounting to about \$144,000,000 but most of the roads have been obliged to await distribution of a \$500,000,000 loan fund placed by the transportation act at the disposal of the Interstate Commerce Commission. While some of the cars already ordered will be available for this season's crops, and plans have been made for rebuilding 12,000 cars and locomotives, yet this addition to the rolling stock will nowhere meet the added demands that will be placed upon the railroads. Last year empty grain cars were stored throughout the west awaiting the early grain movement, but this year, when the demand for box cars has continuously exceeded the supply, it has been necessary, in order to get the cars in the west for grain, to take them away from eastern roads and eastern shippers. This has been accomplished by means of car relocation orders issued by the Interstate Commerce Commission and the Commission of Car Service, directing the movement of specific numbers of empty cars, frequently in solid trains to specific western lines, regardless of the local demand for cars. This has had the effect of increasing the shortage of box cars in the east but has been regarded as justified in view of the nationwide interest in the movement of vital food crops as well as by the fact that the cars ordered west belong to the western lines. During Federal control the cars were pooled regardless of ownership with the result that when the railroads were returned they were scattered helter-skelter. Eastern coal cars were in the east and western grain cars were in the west, and because of the preponderance of east-bound traffic the greater portion of the cars were in the east, and extraordinary efforts were required to move them westward particularly as the demand for cars for local movement was confined.

A tobacco crop of approximately 437,550,000 pounds, and a reduced wheat crop of about 6,275,000 bushels, are the features of the joint Government and State crop report for Kentucky issued today at Frankfort and Louisville by Commissioner of Agriculture W. C. Hanna and H. F. Bryant, Kentucky's representative of the U. S. Bureau of Crop Estimates. This month's preliminary estimate of the acreage of corn indicates a crop of about 56,170,000 bu., the acreage being about the same as in 1919, while oats are estimated at 11,260,000 bushels, rye 672,000 bus., barley 112,000 bus., Irish potatoes 5,971,000 bus., and sweet potatoes 1,555,000 bus.

This is an increase of 450,000 bus. over the June estimate of the Kentucky wheat crop, due to good filling of heads in many sections even though the acreage is greatly reduced from 1919 and there is much thin short wheat. The 1919 Kentucky wheat crop was 12,029,000 bus., and the 1919 tobacco crop in Kentucky 456,500,000 pounds. All these 1920 estimates are subject to change downward or upward as the season progresses, depending on favorable or unfavorable weather and other conditions hereafter.

These tobacco and corn estimates are the first of this season, and as planting of both crops was continued very late this year such estimates may be subject to great change either up or down before the end of the season. The tobacco acreage was increased considerably this year in the Central Kentucky burley district but

was reduced greatly in the dark tobacco districts of Western Kentucky. As tobacco can be set in July and still make a good crop with a favorable season. Setting was continued very late in some places but the acreage shows a decrease of about 10 per cent over the State as a whole. Most of the burley belt, especially the rich Blue Grass countries, has a large increase of acreage.

### Summer Complaint Quickly Relieved.

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

### NOTICE!

Notice is hereby given that the undersigned will on the first Tuesday in September, 1920 make application to the State Board of Control at Frankfort, Kentucky, for a parole, and will ask that he be released from his confinement at the state penitentiary, at Eddyville.

This June 4, 1920.  
50110p ERNEST LITSEY.

### DUBLIN DECLINES TO GIVE INCOME DATA

Dublin, July 5.—The Dublin council has instructed its officials not to supply any information to the British income tax authorities nor to allow these authorities to examine books or documents. Such information as is demanded is to be given only by the "Irish Republic Parliament."

The Sinn Fein executive in Cork has circulated among the Cork merchants a similar warning not to furnish income tax information, adding: "Any breach of this order will be severely dealt with."

The situation in the west and south is so serious owing to the stoppage of trains that many towns are adopting a rationing system as a precaution.

The Sinn Fein News Bureau asserts that British troops were especially sent to Cashel to remove the decorations put up for the occasion of the visit of Archbishop Hanna of San Francisco and Bishop Cantwell of Los Angeles.

### LAKE TAHOE HAS SHRUNKEN.

Lake Tahoe, in California, is often said to occupy an old volcanic crater. This is not a fact. It is true that the region about the lake shows evidence of volcanic activity of various kinds and that the water has at times probably been dammed by outpourings of lava, but the lake itself lies in a structural depression—a dropped block of the earth's crust.

The prehistoric Lake Tahoe was larger and deeper than the present lake, according to the United States Geological Survey, Department of the Interior. During the Neocene epoch and the earlier part of the Pleistocene epoch its water stood much higher than now, but in its overflow it has since cut through the lava dams that maintained it at that height. Distinct beaches that mark the former higher levels of the lake stand about 160 feet above its present surface, but the water doubtless once stood at even greater heights. At Tahoe City, the most distinct of these old beaches is a terrace that stands 35 to 40 feet above the level of the lake. It is on this ancient beach that Tahoe Tavern is built.

## DIRECTORY.

### CIRCUIT COURT.

Judge—R. W. Slack, Owensboro.  
Com'th. Attorney—C. E. Smith, Hartford.

Clerk—A. C. Porter, Hartford.  
Master Commissioner—Otto C. Martin, Hartford.

Trustee Jury Fund—Cal P. Keown, Hartford.

1st Monday in March—12 days—Com'th. and Civil.

1st Monday in May—12 days—Civil.

1st Monday in July—12 days—Com'th. and Civil.

3d Monday in September—12 days—Civil.

4th Monday in November—12 days—Com'th. and Civil.

### COUNTY COURT.

Meets first Monday in each month.

Judge—Mack Cook.

County Atty.—A. D. Kirk.

Clerk—W. C. Blankenship.

Sheriff—S. A. Bratcher.

Superintendent—E. S. Howard.

Jailer—Worth Tichenor.

Tax Commissioner—D. E. Ward.

Surveyor—C. S. Moxley.

Coroner—E. P. Rodgers.

### FISCAL COURT.

Meets first Tuesday in April and October.

1st District—Ed Shown, Hartford, Route 3.

2nd District—Sam L. Stevens, Beaver Dam.

3rd District—Q. B. Brown, Simmons.

4th District—G. W. Rowe, Centertown.

Every Woman Wants  
**Paxtine**  
ANTISEPTIC POWDER  
FOR PERSONAL HYGIENE  
Dissolved in water for douches stops pelvic catarrh, ulceration and inflammation. Recommended by Lydia E. Pinkham Med. Co. for ten years. A healing wonder for nasal catarrh, sore throat and sore eyes. Economical. Has extraordinary cleansing and germicidal power. Sample Free. 50c. all druggists, or postpaid by mail. The Paxtine Toilet Company, Boston, Mass.

**Electric Bitters**  
Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, as thousands have testified.  
**FOR KIDNEY, LIVER AND STOMACH TROUBLE**  
It is the best medicine ever sold over a druggist's counter.

50 Years Ago  

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription," and placed it with the druggists in every state in the Union. For fifty years Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid.

Mother's use  
**Frey's Vermifuge**  
For the Children  
A Safe Old Fashioned Remedy for Worms  
Seventy-five years continuous use is the best testimonial. FREY'S VERMIFUGE can offer you. Keep a bottle always on hand. It will help keep the little ones happy and healthy. 30c a bottle at your druggist or general store; or if your dealer can't supply you, send his name and 30c in stamps and we'll send you a bottle promptly. E. & S. FREY, Baltimore, Md.

**WILL YOU TAKE OUR GERMINAL REMEDY**  
A Treatment for WEAK LUNGS or CONSUMPTION  
**FOR ONE MONTH**  
A quick relief for that tired, run-down feeling, coughs, pains in chest, night sweats, hemorrhages, weak lungs or consumption. If it does not help you it costs you nothing.  
OHIO MEDICAL CO. LOCK BOX 616 COLUMBUS, O.

**USE LIV-VER-LAX**  
For Lazy Liver and the Troubles of Constipation.  
Feel right all the time. Don't lay off from work for days by taking calomel when pleasant Liv-Ver-Lax keeps you on your feet, while relieving your troubles. Safer too, and easy to take. Don't take anything else. You can't afford it. Eliminates poisons, cleanses system and relieves constipation. A natural remedy, natural in its actions, sure in its effect and certain in results. It won't be long before Liv-Ver-Lax will completely displace calomel in every home. Children can take it freely and with perfect safety. Every bottle guaranteed. 50c and \$1 in bottles. No genuine without the likeness and signature of L. K. Grigsby. For sale by L. E. WILLIAMS, - Hartford, Md.

# "MARSE HENRY" WATTERSON SAYS

HENRY WATTERSON

Henry Watterson

The Courier-Journal  
Louisville

June 13, 1920.

Parties may come and go, politicians may rise and fall; but the education of the youth of the country goes on forever.

Our rural schools have in the past been too often dragged into the mire of local politics, and it is gratifying to know that both parties joined hands at the last session of the legislature and passed laws which will go a long way toward keeping our rural schools out of the political game.

While every voter in Kentucky who is interested in the Presidential election next November, there is every reason why the election of strong men to the new County Boards of Education shall neglect. A good, clear board will select a fine Superintendent, and keep both him and the schools free from any entanglement which might hurt the children.

New Watterson

## THE NEW STATUE OF LIBERTY

## MEXICO TO GIVE GONZALEZ TRIAL

Former Aspirant For President Charged As Head Of Revolution

Mexico City, July 15.—Gen. Pablo Gonzalez, former candidate for the Presidency and alleged leader of the abortive revolution in the State of Nuevo Leon, whose capture was reported today, will be placed on trial immediately, according to official announcement. The Government has appointed Gen. Francisco Coss, of Saltillo, Enrique Estrada, of Zacatecas, and Joaquin Amaro, of Torreón, as members of the court, according to the newspaper Excelsior.

Gen. Gonzalez's whereabouts were discovered last night, but he resisted arrest, claiming those who sought to apprehend him did not carry warrants for their action. The house where he was lodging was watched all night, officials in the meantime obtaining a warrant to take him into custody. One version of the incident states he was found hiding in the cellar of the house this morning.

Suspicion on the part of Government authorities was aroused by General Gonzalez's refusal to publicly denounce the uprising led by several military leaders in Nuevo Leon, the General claiming the rebellious chiefs were his personal friends. A dispatch to the Heraldo says that supporters of General Gonzalez protest against the Government holding him in solitary confinement and claim this is in violation of the provisions of the Constitution of 1917. Legal action by which he can be protected is contemplated, it is understood.

Plan of Revolution Formed. A draft of a plan of revolution providing for the ousting of all Government departments functioning at present was found in the pocket of Gen. Carlos Garcia, chief of staff to Gen. Pablo Gonzalez, according to a message from Gen. M. Perez Trevino, chief of operations in Nuevo Leon, to Gen. P. Elias Galles, Secretary of War, says the Heraldo. The project calls for the appointment of a new provisional President by Congress when three-fourths of the States and Mexico City are controlled by the new regime. Frequent reference is made to the "supreme chief of the revolution," but no name was mentioned in the draft, it is said.

After declaring there can be no recognition of the present Federal, State and municipal governments the alleged plan says the supreme chief will provisionally name Governors of the various States, occupied by "the liberal revolutionary army," and that these Governors will name judicial and city councils, pending legal elections.

General Trevino is quoted as saying that he believes Gen. Jose Cantón, who has been reported arrested with Gen. Pablo Gonzalez, is guilty of rebellion, but is a victim of personal spite on the part of enemies.

State of Ohio, City of Toledo, Lucas County, ss.  
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY, Notary Public.  
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1918.  
A. W. GLEASON, (Seal) Notary Public.  
Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Send for testimonials, free.  
F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills for constipation.

### COON TRAP LANDS EAGLE

An American eagle having a wing spread of nearly eight feet is in captivity at the farm of Bryan Stratton, at Hartland Hollow, Conn., having been caught in a trap.

Stratton set the trap near his spring for a raccoon. The eagle, caught by one toe, put up a stiff fight and tried to bite Stratton when he released it from the steel jaws after fastening its legs with his belt. He has offered the bird to the City park of Springfield, Mass.

### Children Cry FOR FLETCHER'S CASTORIA

RUSS EMPRESS AND CHILDREN CREMATED

Paris, July 16.—The Russian Empress and her children were burned alive after the execution of Emperor Nicholas at Ekaterinburg. It is alleged in statements attributed to Alexis Dolgovitz, formerly courier to the empress, published here today. Dolgovitz said he made vain attempts to save his mistress and her children.

The empress and the children, Dolgovitz declared, were taken to a wood near Ekaterinburg. Brushwood was gathered and a huge fire made,

into which the royal victims were forced. Every time they sought to get out of the flames, Dolgovitz said, they were driven back at the point of the bayonet.

Tatiana, the empress's second daughter, fled from the pyre three times and eventually fell pierced through by a bayonet. The empress and Alexis, heir to the throne, clasped in close embrace, walked almost automatically into the flames and disappeared in a whirl of smoke, according to Dolgovitz.

### Chamberlain's Colic and Diarrhoea Remedy

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

### MISS HELEN TAFT WEDS IN MONTREAL

Montreal, July 15.—Miss Helen Taft, daughter of former President William Howard Taft, was married today at Murray Bay, to Frederick Johnson Manning, instructor in history at Yale University. Miss Taft is president of Bryn Mawr College. Mr. Manning was graduated from Yale in 1916 and served as a first lieutenant in the field artillery, U. S. A.

The ceremony took place at the Union Church. The bride, who was given away by her father, wore a gown of white taffeta, trimmed with old Brussels lace. She carried a bouquet of white sweet peas, a gift from the groom, and campanulas and white roses.

Miss Edith Morgan, of New York, was maid of honor and the only attendant. The bride's train was borne by Masters William H. Taft, II, and Robert Taft, nephews of the bride. Others attending the ceremony were the bride's mother, Mrs. William Howard Taft, and Mrs. Robert Taft.

The ceremony was performed by Rev. Dr. Herbert Symonds, of Christ Church Cathedral, Montreal.

### ADMINISTRATOR'S NOTICE

All persons having claims against the estate of G. V. Wise, deceased, are hereby notified to present same to me properly proven on or before August 15, 1920, at my residence near Simmons, Ky., or they will be forever barred.

This 7 day of July, 1920.

G. B. BROWN, Adm'r of G. V. Wise, deceased. 213P

### BABY BORN IN FLIVVER—GUESS HIS GIVEN NAME!

New York—Henry Ford Mahoney may be chosen as the name of the 4-day-old son of Policeman and Mrs. Patrick Mahoney of Nottawa street, Jamaica.

The policeman and his wife made a mad dash in the Mahoney "flivver" Friday night to reach Mary Immaculate hospital, but the stork won the race and the little one was born just outside the hospital gate.—Kansas City Journal.

### ASSESSMENT NOTICE

To the taxpayers of Ohio county: Our office will be open at all reasonable times from July 1st, until Oct. 31st, for the purpose of assessing the property of the county. I, or one of my deputies will visit the various voting places in the County, (watch for posters in your precinct in the future) to accommodate those who do not care to come to the office to give their list, but under the classification act of the last legislature, we feel that we can be of material benefit to you in making your assessment here at the office.

D. E. WARD, Tax Com'r. O. C.

### ALIEN DEPORTEES ARE STILL IN U. S.

Washington, July 15.—Five hundred aliens of the 556 ordered deported during the first six months of this year by the Department of Labor, still remain in this country thru inability of the department to obtain transportation for aliens destined for Russia.

In a formal announcement today, Assistant Secretary of Labor Post reported that 2,830 anarchists and "Red" cases were acted upon by the Department of Labor between January 1 and June 30, 1920. Of these 2,202 cases were dismissed and seventy-two ordered for rehearing. There were still forty-five cases in which no departmental action had been taken at the close of the fiscal year.

### Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent All Druggists

## NORWAY BATTLES NEW HUN TRICKS

Crooked Schemes In German Business Alleged In Complaints.

Christiania, July 17.—Norwegian business men have protested to the Berlin Government against alleged trickery of German commercial concerns whose failure to deliver to Norwegians goods bought and paid for started official and unofficial inquiries which led the Norwegians to believe the delinquencies were deliberate.

Commercial intercourse between Norway and Germany had been steadily increasing, due to the low exchange rate on German money, until recently when a number of Norwegian concerns were notified by the Germans with whom they had placed large orders that the merchandise could not be delivered because "the Government had placed special export taxes which prohibited exportation at the prices at which the goods had been sold."

The Germans so said to have demanded additional sums ranging from 50 to 100 per cent of the prices they had quoted before they would fulfill their contracts.

The Norwegians frequently were compelled to pay the additional sums having contracted to sell elsewhere the German products. However, complaints that Germans were using this method to evade the unfavorable rate of exchange became so frequent that Norwegian commercial organizations made official representations to Berlin, and it is said the Berlin Government issued a statement that official

cognizance would be taken of sharp practices by German business men in their international dealings. The Government denied the export taxes complained of had been levied, or that other restrictions had been placed on export trade.

Newspapers here for several weeks have carried editorial criticisms of German business methods since the war, and several trade papers have declared the Germans eventually must feel keenly the effect of "commercial trickery" they are alleged to have practiced.

There also is widespread complaint against German life insurance companies operating in Norway and the Norwegian Foreign Office has been petitioned to protect policyholders who, it is charged, have been paid in marks when the policies call for payment in kroner. Hundreds of thousands of German life insurance policies are held here, especially among farmers.

In this connection it is pointed out that whereas 45,000 kroner, an average life insurance policy, before the war equaled 50,000 marks, the rate of exchange now made such a policy worth 375,000 marks.

## REFUGE SPOTS FOR ELOPERS

Great Britain and Gretna Green Were Highly Desirable Places in the Olden Time.

Gretna Green, whose chief industry was once matrimony, is a village in Scotland less than a mile from the English-Scotish boundary line in that village, near the Solway firth. The English marriage laws sent eloping couples to Scotland just as the divorce laws of 47 of our states make Reno desirable for would-be divorcees, and therein lies Gretna Green's first claim to fame.

Great Britain was the figurative "Gretna Green" of England until the passage of the famous Hardwicke act of 1753, which made unauthorized marriages voidable. Gretna Green thereupon becoming the romance spot of the British isles. All the Scottish law required was that two persons should declare their intention to be married in the presence of witnesses, and the British law then, as now, recognizes marriages as legal so long as they conformed to the laws in the places where they were performed.

During the three decades when Gretna Green flourished, there were more than 7,000 marriages recorded there, nearly 800 of which were performed in 1855, the year before Scotland enacted a law which made a three weeks' residence a requisite to marriage. Marriage by declaration is still legal in Scotland.

## BE THANKFUL YOU CAN SMELL

English Woman Writer Went Through Life Keenly Regretting Her Lack of That Sense.

Did it ever occur to you to be grateful for the sense of smell? Probably not, and yet those who have been deprived of it have felt their loss keenly. Harriet Martineau, the famous English writer, lacked the sense of smell and consequently the sense of taste, which depends on smell. Once and only once she tasted in all the intensity of flavor a slice of a leg of mutton. The sense came to her suddenly and she thought and hoped it had come to stay.

"I was going out to a great dinner that night," she said when telling of her loss of taste, "and I looked forward with great eagerness to the dainties that I knew would be set before me. How I should enjoy practicing my new-found sense of taste!" But, alas, the sense of taste disappeared as suddenly as it had come, and never returned, and she went through life remembering that taste of roast mutton as one of her keenest joys.

## Could See Resemblance.

In a downtown store the other day a woman stood near the cash desk very noticeably and proudly showing off a little baby girl, of whom the exhibitor quite obviously was an aunt. The child's effectiveness consisted mainly of her head-dress and a cluster of rich golden curls. An admiring group soon gathered around, while the woman pointed out the baby's finer points of beauty, concluding with the rather far-fetched statement that "Everybody says she looks just like me!" The woman, busy talking, did not notice that the child had become restive and was tugging with both hands at the ribbons which fastened the dainty cap on her head, and suddenly the knot was untied, and off came the cap. And off came the curls, too, which were fastened to the cap, leaving the baby as bald as the floorwalker who stood grinning nearby. There was a moment of charitable silence, and then someone in the crowd turned away with the remark: "Well, she does look a good deal like the old lady, at that."—Kansas City Star.

## Canals.

A suggestion made by a Londoner that the bed of the Forth and Clyde canal should be converted into a highway of traffic has not been received with the favor of the Tweed with the indignation that might have been expected. The Glasgow Herald says the notion is not so extravagant as it might appear. The swift progress of motor transport threatens the railways, and it can scarcely fail to affect the position of the canals in industrial and commercial economy. The canal belongs to those leisurely periods of the world's history which saw Egypt and China at their apogee. It was, it is interesting to remember, in the fifteenth century, a time of development if ever there was, that canal engineering received its great impetus in the Western world owing to the discovery of the "lock" system. England applied the new idea with such thoroughness that her canal system became second, probably, only to that of Holland.

## Accident Policy's Limit.

If a man die of blood poisoning as the result of giving himself a hypodermic injection, his family can collect nothing on his accident insurance policy. For the possession of a hypodermic needle is a violation of the New York public health law, Article 136; therefore the man commits a crime and dies as the result. This was decided by the appellate division in a recent case.

## Next Antarctic Expedition.

Great Britain's next expedition to the antarctic regions will endeavor to learn something additional about the habits and migrations of whales and to ascertain the mineral and other deposits of economic value.

## FOURTH RED CROSS ROLL CALL ANNOUNCED

Announcing the Fourth Red Cross Roll Call, to be held between November 11 and November 25, 1920, Dr. Livingston Farrand, chairman of the Central Committee, made known the fact that as a result of last year's Roll Call, the American Red Cross has ten million members.

The Red Cross has decided to make each anniversary of the ending of the world war the occasion for renewing allegiance to the "Greatest Mother" by means of the dollar membership. Thus the Fourth Roll Call will have for its purpose the maintenance of as nearly universal membership as possible and the support of peace time activities.

These activities are continuation of measures in behalf of America's veterans of the World War, particularly the disabled; service to the peace time Army and Navy, development of a stouter resistance to disease through health centers, increasing of the country's nursing resources, continued preparedness for disaster relief, Home Service and community work and completion of relief work among the war-exhausted and disease-ridden peoples overseas.

## QUESTIONNAIRE BRINGS MONEY FOR VACATION

In a certain Lake Division town, there's a mother of a former soldier who has nearly \$100 extra to spend for herself this summer.

The Red Cross Home Service section in that community sent questionnaires to all ex-service men, asking them if all their war-time affairs had been satisfactorily settled.

The particular soldier in question was discharged soon after the Armistice and had never learned that some travel pay was due him. After he had read over the questionnaire he decided to look up the Home Service secretary and find out about some of the things noted among the queries. As a result he just received a check for \$96.48 that he didn't know was due him until the Red Cross questionnaire came. He gave the money to his mother for a vacation. This is a typical example of the service given by the Red Cross.

## RED CROSS NURSES WIN SCHOLARSHIPS

Nine Red Cross chapters in the Lake Division have given scholarships for a four-months' post graduate course in Public Health Nursing at Western Reserve University, Cleveland, to nurses in their communities.

On completion of their study Sept. 1, they will return to their homes and carry on the Public Health Nursing program of the Red Cross, which includes visiting nursing, school nursing, instruction work, and general community service in caring for health.

Chapters which have awarded these scholarships are Richwood, Union County, Ohio; Lagrange, Ind.; Fort Wayne, Ind.; Montpelier, Williams County, Ohio; Zanesville, Ohio; Brazil, Ind.; South Bend, Ind.; West Alexandria, Ohio, and Bluffton, Ind.

## TRAINING COURSES OPEN FOR TRAINING RED CROSS WORKERS

In the summer session at Ohio State University, Columbus, the Red Cross, in co-operation with the university, is offering a six weeks' course of training for persons who wish to become Red Cross executive secretaries or chapter managers.

This is designed to meet the demand for trained executives to promote the Red Cross peace time program. Instructors include prominent men of the university faculty, National and Divisional Red Cross leaders and others of national repute.

## COMMUNITY INSPIRED TO INCORPORATE TOWN

Coke Otto, a small mining community near Hamilton, Ohio, isn't content to be just a group of people any longer.

Coke Otto wants to be an incorporated town. And it's all the result of community meetings and activities inaugurated by the Rural Extension Secretary of Hamilton Chapter of the Red Cross.

When Hamilton engaged its rural worker, she went among other places to Coke Otto, where perhaps 700 people live. Sanitary conditions were very lax there, so one of the first movements was the organization of a "tin can brigade." This was divided into eight sub-regiments and prizes were offered the group that kept the most rubbish out of the community for a specified length of time.

Subsequent community meetings have shown the people of Coke Otto the need for street clean-ups, flood protection and sanitation. After the third meeting the community decided that better and quicker results could be obtained through united efforts. Hence the plan to become an incorporated town.

Armistice Day, November 11, to Thanksgiving Day, November 25, the Fourth Red Cross Roll Call.

## BREED PLAYED AS FOR OF DEMOCRATIC PARTY

Kansas City, July 21.—Declaring he stands "squarely on the Democratic platform," Breckinridge Long, former Assistant Secretary of State and Democratic candidate for United States Senator, in an address tonight attacked Senator James A. Reed and others opposing the League of Nations.

"A campaign," he declared, "directed against a policy enunciated in the party by State and National Conventions is a campaign directed against the Democratic party. Such a campaign is in progress in Missouri, sponsored by Senator Reed in the interest of Judge Henry S. Priest. This joint effort amounts to a campaign of nullification of the party platform and a repudiation of party leadership. It constitutes a party menace, and should neither be tolerated nor condoned."

Judge Priest is a Democratic candidate for Senator.

## FLIERS, ALASKA-BOUND REACH GRAND RAPIDS

Grand Rapids, Mich., July 21.—Capt. St. Clair Street, commanding the four airplanes in the New York to Alaska flight, was the last of the aerial fleet to reach here from Erie, Pa., in a daring dash against strong head winds. He landed at 2:10 p. m., today after a stop at Selfridge Field, Mount Clemens.

Airplanes numbers 2 and 4 reached here at 11:15 a. m., having made the 300 miles from Erie in one jump in exactly three hours and thirty minutes, the time made by Lieutenant Crumrine, who landed last night.

## LABORERS PAID \$5.50

STRIKE FOR \$2 INCREASE. Belleville, Ill., July 21.—Several coal miners were idle in Southern Illinois today as a result of the strike of day laborers, according to reports. The laborers average \$5.50 a day, it was said, and are demanding an increase of \$2 a day.

## WANDERER, SLAYER OF 2, WILL PLEAD NOT GUILTY

Chicago, July 21.—Carl O. Wanderer, who confessed to slaying his wife and an unidentified stranger with whom he arranged a fake holdup, will enter a plea of not guilty when arraigned tomorrow in the Criminal Court, one of his attorneys said tonight. A month's continuance to prepare a defense will be asked, the attorney said.

## WOMAN KILLS SNAKE AND THEN HER FRIEND

Hickman, Ky., July 21.—After killing a snake in the yard of her neighbor, Mrs. Lottie Vick, at Bondurant Station, ten miles south of Hickman, with a double-barreled shotgun, Mrs. Jennie Jones accidentally shot and instantly killed Mrs. Vick with the other barrel, this afternoon. Mrs. Vick, a young matron of 28, found the reptile in her yard and, terrified, called for Mrs. Jones to come and help her kill it. Mrs. Jones responded, bringing the gun. She fired the first barrel with precision at the snake. It was in an attempt to throw the empty shell from the gun that she accidentally discharged the other barrel, tearing a great hole in Mrs. Vick's body.

## Dogs Taxed According to Size.

In some of the cities of Europe a dog is taxed according to its size—a little tax for a little dog and a big tax for a big dog.

## The "Game" of Life.

Life is like a game of whist. I don't enjoy the game much, but I like to play my cards well and see what will be the end of it.—George Eliot.

## No Danger.

"Work never killed me one yet. No, and it ain't going to kill me!"—Drowsy Day.

## Dogs' Feet a Delicacy.

In the island of Formosa dogs' feet are considered a great delicacy.

## Merchants in the Philippines.

That a merchant does not need to have or retain a capital investment in an established business before he can be admitted to the Philippine Islands is the gist of a decision handed down in the case of a Japanese merchant who sold his business and came to Manila for the purpose of engaging in business in the islands. He was denied admission by the customs authorities on the ground that he did not belong to the class of merchants exempted in the immigration laws.

## PLANES IN PURSUIT OF "AERIAL CROOK"

Paris, June 20.—John De Lysie, a "promoter" whom Scotland Yard and the Paris police describe as "history's first aerial fugitive crook," arrived in Paris yesterday, six hours before the police here had been notified of his sensational escape from London in an airplane. On his arrival he quickly procured another private machine and

got away, presumably heading for Brussels.

British police are giving chase in another airplane from London, and other "pursuit machines" are in the hunt from French and Belgian points.

The "flying crook's" escape has been telegraphed and cabled all over Europe, but it is realized that there are hundreds of possibilities that he may land anywhere in the open country and again get away.

As a result of this first international flight of an alleged criminal the French and British police are collaborating with a view to establishing a channel air police patrolling the air routes between England and France along lines similar to those followed by the New York air police. Col. Demotte Thompson, who now is in Paris, has been asked to give his advice as to how best to proceed in establishing such service.

## TURTLE HAS DATE 145 YEARS AGO CARVED ON HIS SHELL

Thompsonville, Conn.—"Nate" the ancient box turtle, upon which Nathan C. Wardwell carved his initials 145 years ago, has reappeared on the William McCracken farm in the Brainerd road. McCracken first found the turtle half a century ago and recognized his old friend yesterday as he was working in his truck garden. Wardwell owned the farm in 1800. The initials he carved many generations ago on "Nate's" shell show plainly, indicating that the turtle was full grown when he cut the "N. C. W. 1805" in the shell. Experts figure "Nate" is at least 150 years old. The last time McCracken had seen the old fellow was eight years ago. —Kansas City Journal.

## PHARMACIST LICENSE TEST IS MADE STRICTER

Lexington, Ky., July 15.—Applicants for registered pharmacist certificates in Kentucky until July 1, 1924, must present as a prerequisite two years' high school education and two years' work in a retail drug store under a pharmacist, or four years' practical experience. It was decided today by the State Board of Pharmacy which made educational qualifications stricter.

After that date, two years' high school, two years' pharmacy college work, and two years' practical experience must be presented.

For pharmacist assistant, two years' practical experience must be offered, and after July 1, 1924, two years' high school work in addition.

## MORROW IS SELECTED TO NOTIFY COOLIDGE

Hartford, Conn., July 19.—Gov. Edwin P. Morrow, of Kentucky, will deliver the address notifying Gov. Calvin Coolidge, of Massachusetts, of his nomination as Republican candidate for Vice President at the ceremony in Northampton, Mass., on July 27, according to an announcement made tonight by J. Henry Roraback, Republican national committeeman from Connecticut and chairman of the committee arranging the Coolidge notification. William Allen White, of Kansas, chairman of the committee on notification, was to have made the address. He sent word that he would be unable to come East because of poor health, Mr. Roraback said.

## CLEAR RUN.

Master William Dudley Hoagland, of Fordaville, is visiting here, this week.

Mr. Bud Hoagland, of Fordaville, was here Sunday.

Mrs. Anna M. Hoover, who struck a nail in her foot one day last week, had to be taken to Hartford Sunday, to have the wound lanced.

Hardin Leo Hoover and family, of West Hartford, visited relatives here Saturday and Sunday, and attended church.

Miss Lula Hoover, who has been ill for some time, is better now.

Mr. Curt Skaggs, of Rockport, Ind., will arrive Thursday, to be the weekend guest of Mr. and Mrs. C. W. Trogon.

## LIVIA, ROUTE 2.

Rev. J. C. Craig preached two splendid sermons at Mt. Carmel Sunday and Sunday.

Mr. Henry French spent Sunday with Messrs. B. J. and L. D. French, of East View.

Miss Ethel Richeson and Mr. William Thomason, of Heflin, attended church at Mt. Carmel Sunday, and dined with Mr. and Mrs. A. M. Kirk.

Mr. and Mrs. T. B. Bell, Mr. and Mrs. Walter Bell and Little son, W. C., Mr. and Mrs. Carl Bell and daughter, Edna Reed, motored to Owensboro Sunday afternoon.

Mr. T. B. Bell fell from the porch at F. M. Hoover's store Saturday afternoon and dislocated his arm.

Miss Alberta Murray spent a few days last week with her brother, Mr. Rhea Murray, of Red Hill.

## Get Well! Your Blood and Nerves Need Iron

The most powerful and beneficial tonic in all medicine for the blood and nerves is iron. High medical authorities agree on this. But it is a mistake to take any ordinary form of iron and expect to get satisfactory results. Most of the common forms of iron are what is known in science as "meat" because when taken into the human system they exert no action whatever. Perhaps this is why you have been disappointed when you have taken certain pills or tablets or tonics said to contain iron.

The new way to restore iron to the blood—the surest and most dependable of all methods—is through the use of Acid Iron Mineral. This is a natural form of soluble iron, found

For Sale by OHIO COUNTY DRUG CO., Incorporated, Hartford, Ky.

In Nature itself, combined with other highly beneficial remedial agents. The story of the discovery of this new form of iron reads almost like a fairy tale and medical science has proved beyond question or doubt its remarkable blood-making powers.

Acid Iron Mineral may be procured in either liquid or the more convenient tablet form at any drug store. It contains no alcohol or injurious drugs and will not blacken the teeth. It has been especially noted that pale, puny children, weak, run-down persons and those enfeebled by age show improvement and exhibit increased strength almost immediately after starting treatment.

## HARTFORD LOSES OVERTIME CONTEST AT BEAVER DAM

By W. G. Her

Beaver Dam, July 17. Hoover Dam defeated Hartford today in the hardest fought contest and probably the best game on the home lot this season by the score of 5-4. In the twelfth inning after two were out, Williams, who had saved the game two or three times by seemingly impossible stops, allowed the winning run to come in after Marshall Barnes had doubled with two out, when he muffed up Morris' hard hit grounder. Hoover and Rickard both showed that they were twirlers of the highest quality and were stingy with hits when a hit meant a run. Shortly seemed to have a little the best of the argument with Rickard had the best support until Williams decided it was time to go home and handed the game over to Beaver Dam.

The locals got to flick for three runs in the first two innings but he tightened up and only allowed one more until the fatal twelfth. Hoover refused to allow any scoring until the fourth when an error by Espey on Williams, Soder's sacrifice hit and Murphree's single produced one run. Rickard scored Hartford's last run unaided by his teammates, after singling to left, he stole second and third and came home when Hoover let Mullhall's high throw get away. The home boys started early. A base on balls for Barnes followed by hits by Harrell, Morris and Crawford was good for two runs in the first. They got another in the second on a hit by N. Taylor, Hoover's sacrifice and M. Barnes' single to center. In the twelfth Hoover fled out to Keown. M. Barnes doubled to center, was held there while Keown took Harrell's short fly but came home when Williams felled on Morris' grounder. The fielding features were furnished by Keown, Duke, Williams and Leach, of the visitors and M. Barnes, Crawford, Espey, Mulhall, and Hoover for the locals.

## The box score:

Double plays—Hoover to Morris to N. Taylor. Bases on balls—By Rickard 1, by Hoover, 1. Struck out—By Rickard 8, by Hoover 6. Wild Pitch—Rickard 1. Unpre—Rogers.

## HARTFORD WINS SLOW GAME FROM CALHOUN

Hartford defeated Calhoun Sunday at the park of the latter in one of the slowest games of the season. The locals banged the offerings of the Calhoun twirler all over the lot and gave faultless support to the pitching of Owens. Miza the twirler for Calhoun had more stuff on the ball than any pitcher Hartford has faced this year but he had trouble in banding his stuff and when he did get them over he was knocked for a fare you well. Williams continued his sensational fielding, cutting down many

would be hits and snipping them over to first getting his man by a pace.

Owens pitched a good game for the locals but after the fifth any man in these parts could have won the game, for the Calhoun crowd were disheartened and down and out.

Calhoun will be here August 1st to play the return game.

## BOX SCORE.

## NOTICE.

Of Letting Ditch Contract, H. A. Ashby District.

The undersigned Board of Drainage Commissioners of Ohio county, Kentucky, will on Monday, the 2nd day of August, 1920, at 1 o'clock p. m., at the court house door in Hartford, Ohio county, Kentucky, let to the lowest and best bidder, at public outcry, the construction of a public ditch in said county, known as the H. A. Ashby ditch, beginning at a small bridge on the Hartford and Ross' Ripple road, and the corner between Sallie B. Ashby and H. A. Ashby a line of R. & I. Ashby, and terminating at a point on Walton's Creek, on the land of Alva Calloway, about 1,662 feet, with its meanders, from the mouth of said creek, following the direction set out in the judgment of the Ohio County Court, in the action of H. A. Ashby, et al., Petition for Ditch or Drain, now pending in said court, a distance of 6,673 feet. It is estimated that there will be 14,007.06 cubic yards of earth, etc., to be excavated and the total estimated cost thereof is \$4,202.12. Said work to be completed on or before Jan. 1, 1921.

Board with approved security will be required as soon as bid is accepted. The board reserves the right to reject any and all bids and to let the contract for said work in sections or as a whole, as they
